IN THIS ISSUE:
HOW TO DRAW MONTH

This month, ***PREVIEWS*** once again pays tribute to that DIY spirit that drives all comic book artists to create their own stories and illustrations, to not only try to be the next big thing, but to get their tales into the hands of appreciative fans. Besides a great story and characters, every comic or graphic novel needs great, unique artwork, and we're dedicating this issue once again to the theme of "How to Draw"! We've highlighted dozens of books and publications this month to help everyone — from the neophyte to the old pro — learn something about the art of comic art. Just look for our *How to Draw* icon throughout this issue! **And don't miss our special interviews with artists *Mike Manley*, *Cliff Chiang*, and *Paolo Rivera*, courtesy of Twomorrows Publishing, beginning on page 264!**

HAPPY (REALLY) NEW YEAR!

Welcome to the launch of ***PREVIEWS'*** 28th year of publication! BY this time next year, we will have published our 340th issue and will be on our way to the big 350th issue by 2017… another landmark achieved… and "Old Man ***PREVIEWS***" a couple of years older! It's good to have something to look forward to in the next couple of years…

Something we can all appreciate right now are all of the design changes and improvements you'll no doubt have noticed upon opening this issue. To start off a new year and a new volume of our beloved publication, we set about rethinking, revamping, and rebranding some of our editorial sections at the front of the ***PREVIEWS***. Some changes are subtle as the use of different colors and design, while others are total rebrands of previous sections. For example, say "so long" to THE SPLASH PAGE, and say "hello" to CATBUZZ, our redesigned section looking at the very best items offered each month in ***PREVIEWS***. We've also added new columns, a monthly comic strip panel, and we'll be adding some other new features as we get into the New Year… some of these things take a little more time to take shape. We hope you like our redesign!

Each issue of ***PREVIEWS*** always has a theme, and this month's issue is no exception. This month we pay tribute to the DIY spirit with our "How to Draw" month. We've got a great selection of informative books for every level of talent, written by some of the masters of illustration. And we also have interviews with Mike Manley, Editor of *DRAW! Magazine* and two of the subjects of Twomorrows Publishing's superb *Modern Masters* art book series, Cliff Chiang and Paolo Rivera. They talk influences, favorite art resources and more. You can find our editorial on page 264 of this issue.

And finally, if it's January, then that means it's time to once again reveal our new crop of titles for FREE COMIC BOOK DAY 2016! This is our 15th year for FCBD, and we've got another stellar line-up of titles — 50 in all! — with truly something for every taste under the sun, for comics readers of all ages! And they'll all be available for FREE on May 7th, 2016 (the first Saturday in May)!

We're also very excited to be offering our seventh FCBD Artist's Series Commemorative T-Shirt, this year illustrated by probably one of my favorite artists working today, Francesco Francavilla, late of *Afterlife with Archie*, and a much sought-after cover artist, whose work I've been admiring and collecting for several years now. But this year, we don't just have one t-shirt to offer fans, but *two*! Our second great shirt design comes from *Tiny Titans* and *Itty Bitty Hellboy* writer/artist Art Baltazar! Art has a great new design for FCBD, perfect for kids and kids-at-heart! No matter which design you choose, you can't go wrong with this year's tees! You can find info on the shirts, as well as the Gold and Silver level comics to be offered this year, in our FCBD section starting on page 33!

Whew! That is one fat-packed issue! So, here's to another great ***PREVIEWS*** New Year, and don't forget to "Save the Date" and prepare yourself for Free Comic Book Day 2016 — it's just a few months away!

Your Pal @ ***PREVIEWS***,

Marty

75 Spirited Years: Will Eisner & The Spirit
Now running through March 7, 2016

Will Eisner's legacy in the world of comics is one of challenging the medium for all it was worth as he pushed the limits of form and function to get the greatest storytelling results possible.

In addition to championing the graphic novel, turning out "how to" instructions for the military, and inspiring multiple generations of creators, 75 years ago this master of the comic art form created The Spirit!

Join us for a retrospective on 75 years of The Spirit and a sampling of Will Eisner's other great works, **75 Spirited Years: Will Eisner & The Spirit** at Geppi's Entertainment Museum. Curated by Eisner's longtime friend, colleague and publisher Denis Kitchen, this exhibit showcases more than 50 pieces of original art and more!

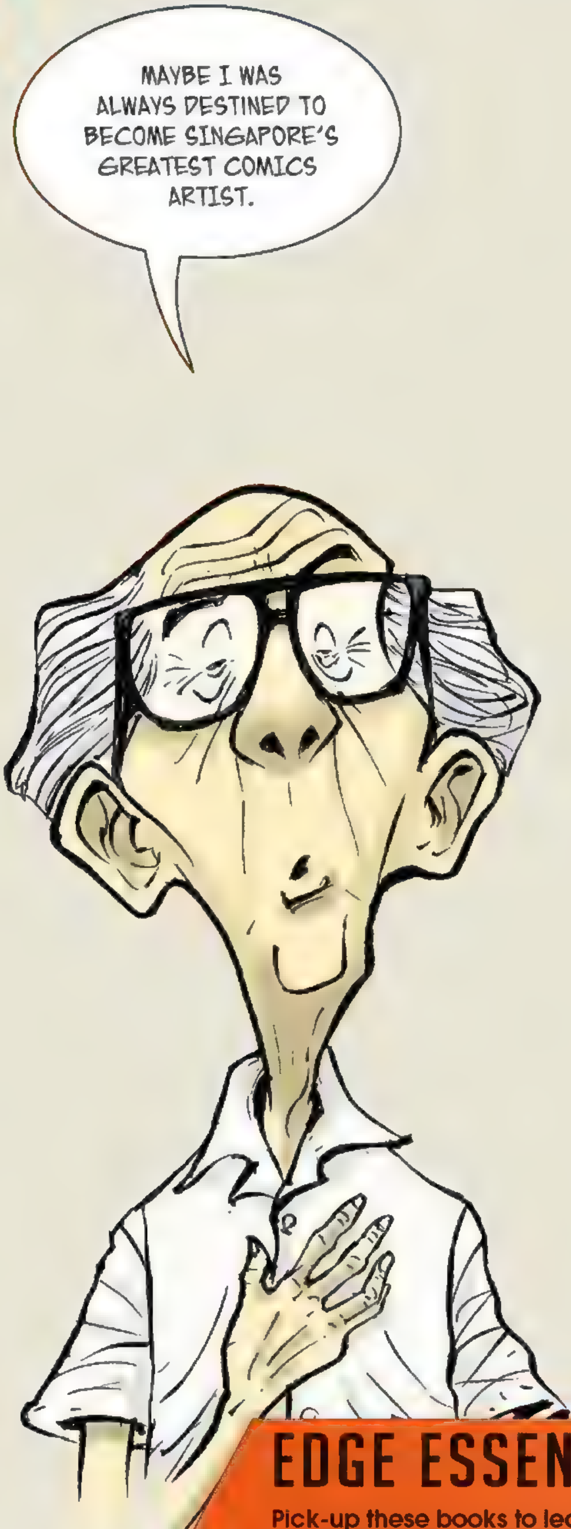
SONNY LIEW



MAYBE I WAS ALWAYS DESTINED TO BECOME SINGAPORE'S GREATEST COMICS ARTIST.

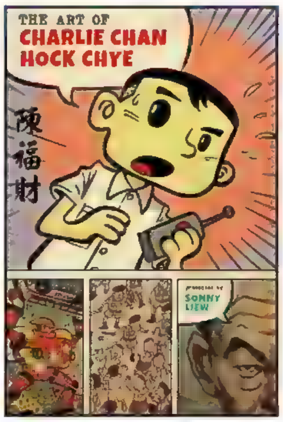
EDGE ESSENTIALS

Pick-up these books to learn more about Sonny's Indie Edge style.

- *The Shadow Hero GN* (MAY141431)
- *Malinky Robot* (JUN110503)
- *Doctor Fate Vol. 1: The Blood Prince TP* (DEC150320)

Artist, painter, illustrator. Sonny Liew has done it all in the comics medium—and in a short time to boot. He's collaborated with the some of the top creators in the industry, including Gene Luen Yang, Mike Carey, and Paul Levitz. His art is youthful and frenetic and many compare his style to Farel Dalrymple and Bryan Konietzk. Born in Malaysia, he now lives in Singapore, where he sleeps with the fishes.

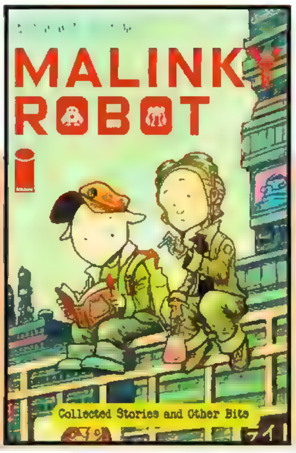
What are your favorite projects you've contributed to over the past decade?



I've always enjoyed working with other creators on books like *The Shadow Hero* and *My Faith in Frankie*, but I suppose you always feel closer to the stories that you both write and draw. I still feel a very personal connection to the *Malinky Robot* stories, and *The Art of Charlie Chan Hock Chye* (see Page 394 of this issue!) drew partly on my love of old comics, their pages dog-eared and yellowed with time...

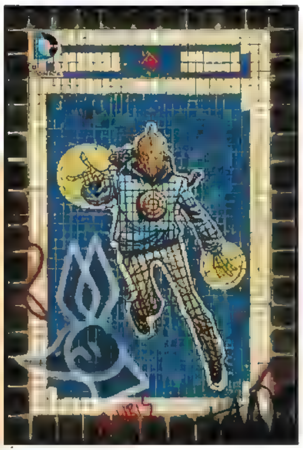
What are you currently working on?

Right now I spend most of my time turning out covers, pencils and inks for *Doctor Fate* (written by Paul Levitz and colored by Lee Loughridge) from DC Comics. I just completed issue 7 and I'm signed on till issue 12 at least. I've also started research on my next creator-owned project, tenatively called *The Sweetkeeper*, which will be an adventure story inspired as much by Thomas Picketty and Ha-Joon Chang as it is by *Doraemon* and '80s Hong Kong movies.

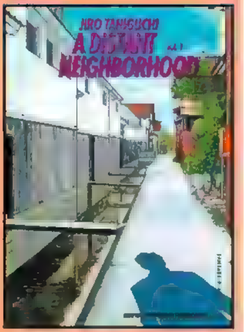


MALINKY
ROBOT
Collected Stories and Other Bits

THE
SHADOW
HERO
Gene Luen Yang & Sonny Liew



What are some of your favorite reads?



A Distant Neighborhood (Vol. 1 / DEC111076) by Jiro Taniguchi is a coming-of-age story involving a middle-aged protagonist — something made possible by the fact that time travel is involved. But the science-fictional element takes a back seat for most part, and it's the emotional experience and journey that makes this book so special.

ICE HAVEN
DANIEL CLOWES

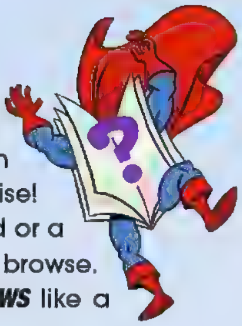
Ice Haven GN (OCT101094) by Daniel Clowes. I first discovered Clowes' work in *Lout Rampage!* and in those earlier stories he was always clever and funny. But seeing his work change and grow over the years has been one of the deepest pleasures of reading comics, and *Ice Haven* was absolutely brilliant!

BOTTOMLESS
BELLY BUTTON

Bottomless Belly Button (MAR08-3712) by Dash Shaw. I read this about the same time I encountered Jonathan Franzen's *The Corrections*, and in my mind, they represent two narratives whose empathy and intelligence make me feel less alone as a member of a family, that strange unit of belonging and loss.

Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

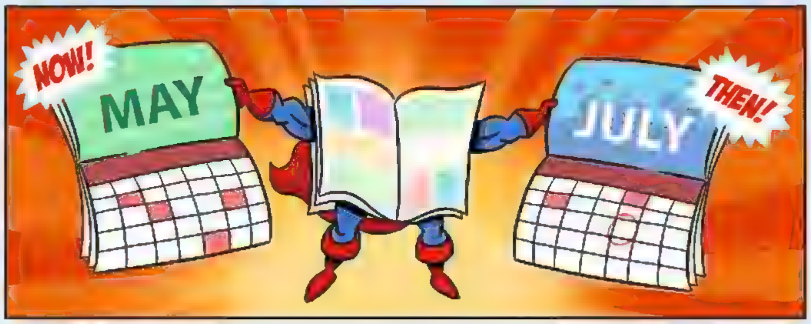
USER'S GUIDE



There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later** (or more). For example, if you found a comic you wanted in the May issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

***PREVIEWS* LEGEND**

Throughout this issue of ***PREVIEWS***, you'll find a variety of symbols and terms that will help you in selecting items from this catalog. Here's what they mean:

Gems of the Month

The top offerings, as chosen by our Premier Publishers—these are the best bets in comics whether it's the next high-profile project or a new ongoing series.

Featured Items

In other sections, you'll find Featured Items, the top monthly products offered in their categories.

Spotlight On

These items are not to be missed; highlighted to get your attention.

PREVIEWS Exclusive

These are items available only through ***PREVIEWS***! When you see this icon, you'll know you're ordering a limited item found nowhere else!

Featured Theme

Each month, ***PREVIEWS*** features a different theme to highlight certain titles and products. Look for that month's themed icon to find these selected items.

Certified Cool

Are you looking for the next title that pushes the envelope? Then try out one of our Certified Cool titles; books specially earmarked for readers who are looking for something a little different.

Staff Pick

This icon denotes items that have been reviewed by our staff and are worthy of a second look!

Indie Edge

The cutting edge of independent comics and creators, look for this icon on selected titles throughout the Comics & Graphic Novels section.

Star of the Month

These are best-selling backlist items that are available for immediate order from your local comic shop. If your shop doesn't have a copy in store, they can order one for you and have in less than a week!

Offered Again (O/A)

These items have been previously offered before in ***PREVIEWS*** and are being made available again.

PI or Please Inquire

Your store will set the price for all "Please Inquire" items — check with your retailer for the price on these items.

MSRP or SRP

Manufacturer's/Suggested Retail Price. These designations provide suggested pricing information for a majority of items not carrying a retail price. Actual prices may vary depending upon market conditions. Please check with your retailer.

Caution (CAUT: #-#-#)

Cautions listed at the end of catalog descriptions indicate an item that may ship late or otherwise diverge from its ***PREVIEWS*** description. These codes are separated into three categories:

International Rights (I-Rights) — the item is restricted into what countries it can be sold.
0 = No International Rights restriction;
1 = International Rights are restricted.
Content Changes — the content may change after solicitation.
0 = No Content disclaimer;
1 = Content disclaimer enforced.

Ship Date Changes — the final shipping date may differ or change from the scheduled ship date.
0 = Item is expected to ship within 30 days of the EST SHIP DATE.
1 = Item is expected to ship within 60 days of the EST SHIP DATE.
2 = Item is expected to ship within 90 days of the EST SHIP DATE.

PREVIEWS Abbreviations

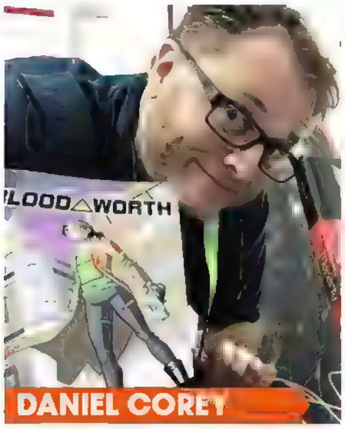
SC = Softcover, HC = Hardcover, TP = Trade Paperback, MMPB = Mass Market Paperback, FC = Full-Color, b&w= Black & White; PC = Partial Color

A Note to Toy Collectors:

Your retailer cannot guarantee receiving specific items — such as action figures — when they must be ordered in case or "assortment" quantities. Please be aware of this when ordering action figures and other items designated as cases or assortments.

Ring in the New Year.

In our new TalkAbout column, we ask some industry pros about the news of 2015 and what's next for 2016. Are parachute pants really going to make a comeback?



DANIEL COREY

Bloodworth Creator

The top comic book news story for 2015 was:

Hmm...impossible for me to say with absolute certainty, but I'll go with the announcement of *Dark Knight III*.

In 2016, we'll be talking about this character the most:

Discussion will heat up around Carol Danvers, aka Captain Marvel, as Marvel Studios will inevitably be ramping up production for her movie.

I vow in 2016, I will finally:

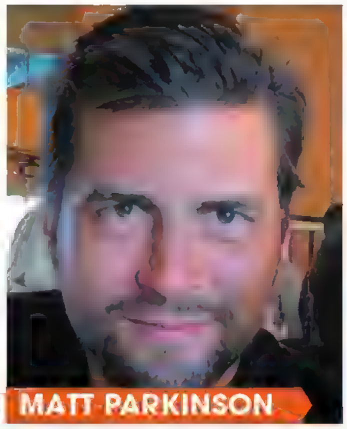
Teach the cats to scoop it themselves.

3 things that will be popular in 2016:

Creator-owned titles. More merging of digital with print. More people making a huge impression on the world of comics and pop culture journalism, such as my friends Jenna Busch at Legion of Leia and Audrey Kearns at Geek Girl Authority.

My biggest project for 2016 is:

To expand my *Bloodworth* series, and continue to introduce products that will merge print with digital media. Also, I have plans for my Image books *Moriarty* and *Red City*.



MATT PARKINSON

VP-Marketing, Dark Horse Comics

The top comic book news story for 2015 was:

The return of Tyler Durden in Chuck Palahniuk's *Fight Club 2*!

In 2016, we'll be talking about (character):

I'm pretty excited to read about the continuing adventures of Korra, in the *Legend of Korra* graphic novel program we have hitting in 2016! Plus, it's written by series co-creator Michael DeMartino. How cool is that?

I vow in 2016, I will finally:

Read the entire run of my Creepy, Eerie and EC archive collections. Love those books!

3 things that will be popular in 2016:

The Moebius Hardcover program we recently announced at NYCC! *The Aliens 30th Anniversary* hardcover which collects our very first *Aliens* series written by Mark Verheiden. Matt Kindt's new series *Dept. H* - a suspense/thriller that takes place in an underwater, deep ocean laboratory.

My biggest project for 2016 is:

I mentioned the *Aliens 30th HC* above, and we've got plans for a new Brian Wood *Aliens* series in April as well as another larger *Aliens, Prometheus, Predator AvP* program, so we'll be putting a lot of muscle into the promotion for that. Oh, and did I mention it's Dark Horse's 30th Anniversary?

GREG PAK

Writer

In 2015, the most talked about character was:

Kamala Khan.

In 2016, we'll be talking about this character the most:

The Totally Awesome Hulk. ;-)

I vow in 2016, I will finally:

Launch multiple creator-owned comics, starting with KINGSWAY WEST from Dark Horse!

3 things that will be popular in 2016:

1. Totally new characters in well-told stories, particularly when creator-owned.

2. Legacy characters in well-told stories that hit big nostalgia buttons.

3. Batman. (Because Batman.)

My biggest project for 2016 is:

KINGSWAY WEST.

SARAH GAYDOS

Editor - IDW

The top comic book news story for 2015 was:

I'm split between the continuing discussion of diversity (on the page, and behind it)... and then the role of relaunches/variant cover schemes in sales, and what that means for the sustainability of even fairly popular titles.

In 2015, the most talked about character was:

For me - - SQUIRREL GIRL!

In 2016, we'll be talking about (character):

Star...TREK! Yes, Trek. 2016 is the 50th anniversary of one of the most beloved and culturally important stories around. From some pretty amazing characters (looking at you, Uhura), to inspiring tons of tech we have in real life, I'm really looking forward to celebrating it!

I vow in 2016, I will finally:

Organize my single issues. Hah, as if. Inbox zero? Equally unlikely.

3 things that will be popular in 2016:

Star Trek (YEAH!), Star Wars, and complaining about the U.S. election cycle (understandably so).

My biggest project for 2016 is:

Properly celebrating the 50th anniversary of Star Trek in the comics universe. And also advancing my own skills, rolodex, and career.

Neal Adams' original art cover for *Green Lantern* #76 sold for $442,150 at Heritage Auctions on November 20, 2015. While not a record for comic art, that's still a very impressive price. Cover-dated April 1970, the issue kicked off the classic run by Adams, writer **Denny O'Neil** and inker **Dick Giordano**, and introduced a number of social issues into the pivotal series.

COSPLAY CORNER

Photo credit: Photo by Eddie Newsome

The Overstreet Guide to Cosplay launched at the 2015 Virginia Comicon to wildly positive feedback from cosplayers and non-costumed attendees alike. *Guide to Cosplay* authors **Carrie Wood** and **Eddie Newsome** were in attendance, as well as other featured cosplayers **Katie Fleming** and **Hex Nottingham**. The book contains articles on various approaches to the hobby as well as a number of tutorials, plus cosplayer spotlights on costumers from around the country.

"Based on the overwhelmingly positive feedback we got from cosplayers, I'd consider it a success! I'm so glad that we got to meet up with many of the cosplayers who we photographed at last year's show, and that so many of them seemed tickled that they made it in the book," Wood said. "It was great to catch up with everyone and I can't wait to see how well the book does."

MOVIE POSTER MARQUEE

eMoviePoster.com sold their first copy of the one-sheet for ***Star Wars: Episode VII – The Force Awakens*** on November 26. In very good condition, it realized $230. They have also sold five copies of the teaser one-sheet for *The Force Awakens*, which spanned $88 to $185. They sold their first teaser first in July in good to very good condition, for $155.

In late November Heritage sold a group of vintage movie posters that had been discovered under the floor during a home renovation. *Tarzan The Ape Man* style D one-sheet sold for $83,650, *Red Headed Woman* poster reached $77,675, *Doctor X* one-sheet brought $23,900, and the only known *Any Old Port* poster for the Laurel and Hardy short realized $8,962.

What's Cool in this Month's Catalog!

January 2016 | Edited By: **Allyn Gibson** | editor@PREVIEWSworld.com

CELEBRATE CAPTAIN AMERICA'S 75TH IN *AVENGERS STANDOFF!*

Behind the picket fences, the manicured lawns, and the tended gardens, small towns hold secrets, and Pleasant Hill is no different. But where most towns have secrets of a mundane sort, Pleasant Hill's secrets are dangerous, even deadly, and those secrets will lead to the All-New All-Different Marvel's first crossover event in *Avengers Standoff!: Assault on Pleasant Hill Alpha* from Nick Spencer and Jesus Saiz!

The secrets of Pleasant Hill have a personal stake for former Captain America Steve Rogers and All-New Captain America Sam Wilson. Estranged over politics and personal matters, the danger posed in Pleasant Hill will force the two men to overlook their differences to save a friend and end the threat. But this threat is bigger than them, and they will call on friends and allies to save Pleasant Hill from an unspeakable evil!

The crossover event kicks off in the *Avengers Standoff!: Assault on Pleasant Hill Alpha* issue from Spencer and Saiz, then continues through March and April in issues of *Sam Wilson, Captain America; All-New, All-Different Avengers; Uncanny Avengers; New Avengers; Agents of S.H.I.E.L.D.*; and more titles. The mysteries of Pleasant Hill will be revealed, heroes will make desperate decisions, and the Avengers teams of the All-New All-Different Marvel will face their greatest battle!

More than simply an Avengers crossover, *Avengers Standoff!* also celebrates 75 years of Marvel Comics' patriotic icon, Captain America. *Avengers Standoff!* will captivate readers with an epic story that both draws on the past and looks ahead to the future, starring Marvel Comics' biggest characters.

The Avengers event of the spring kicks off the March in *Avengers Standoff!: Assault on Pleasant Hill Alpha*, and it kicks off an anniversary Captain America story that that no Marvel Comics fan will want to miss!

FINE TUNE YOUR DRAWING SKILLS WITH *PREVIEWS' HOW TO DRAW MONTH*

This month, ***PREVIEWS*** pays homage to the do-it-yourself spirit that lunched the comics industry. Where would we be today if two young lads named Jerry and Joe didn't create their own comic books? Those two guys -- one a writer, the other an artist -- launched a genre and forged a legend. Who will be the next Siegel and Shuster? Who will create the next comic book classic?

Many creators do just that each month. Some self-publish their own comics, some create fanzines and chapbooks. Some publish webcomics. Some of these creators are noticed by publishers large or small, and some of their creations catch on with the public. Regardless of where they wind up on the sales charts, however, these creators all started in the same place: at the drawing board.

Like any skill, creating comic books at any stage of the process -- whether writing, penciling, inking, lettering, or coloring -- requires practice and technique. Creators, at any skill level, can take advantage of How to Draw Month which spotlights books that will help you become a better comics creator. Whether you choose from books like Watson-Guptill's *DC Comics How to Guides*, the *Burne Hogarth Library*, and Brian Michael Bendis' *Words for Pictures*; Touchstone's *How to Draw Comics the Marvel Way;* WW Norton's *Will Eisner's Graphic Storytelling and Visual Narrative;* Harper Collins' *Understanding Comics;* or any of the dozen more books featured with the "How to Draw" icon throughout the January ***PREVIEWS*** catalog, you will find tips and techniques that will help you become the best comics creator you can be.

Check out these books and hone your craft as ***PREVIEWS*** celebrates the do-it-yourself spirit this month with our annual How to Draw Month!

EXPLORE ALTERNATE WORLDS IN IDW'S *DEVIATIONS*

Alternate histories. Imaginary stories. What ifs. The road not taken. As long as people have told stories, they have imagined stories in which events went a different way. This spring, IDW Publishing imagines how some of their top franchises would have gone had an event happened in a different way in their five-part event, *Deviations!*

Transformers fans know that Optimus Prime's death in *Transformers: The Movie* elevated Rodimus Prime to the Autobots' leadership, putting this untested Autobot in position to destroy the world-devourer Unicron. But what if Optimus Prime had never died? Could he have defeated Unicron, or would Cybertron and Earth have fallen? Find out in *Transformers Deviations!*

In their epic battle against Gozer, the Ghostbusters had to do something truly dangerous -- cross the streams of their plasma packs! But what if they had listened to Egon's warnings and never crossed those streams? Would the portal of Gozer have ever been closed, or would New York City -- and the world -- have fallen to the Stay Puft Marshmallow Man? The answers will be found in *Ghostbusters Deviations!*

Plus, stories in which the Teenage Mutant Ninja Turtles are trained by Splinter instead of Shredder in *Teenage Mutant Ninja Turtles Deviations*, the world is dominated by the forces of Cobra in *G.I. Joe Deviations*, and Fox Mulder is abducted by aliens instead of his sister in *The X-Files Deviations!*

Discover worlds that are both strangely familiar and completely different in IDW Publishing's Deviations event this March!

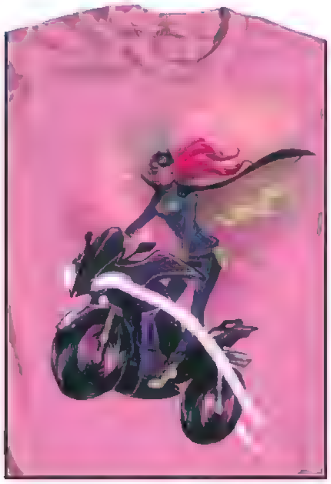
ONE ROBOT HOLDS THE KEY TO THE FUTURE IN *CIRCUIT BREAKER*

Albert Einstein famously said that "I know not with what weapons World War III will be fought, but World War IV will be fought with sticks and stones." In Image Comics' new sci-fi series Circuit Breaker from Kevin McCarthy and Kyle Baker, Einstein was wrong -- World War IV was fought with robots. Now these robots have been outlawed as a public menace, and one scientist builds one more as mankind's last hope -- or its destruction!

With the outlawed robots, acting out of self-preservation, on a mission to destroy humanity, the robots' creator builds a robot to resemble his teenaged granddaughter so she can infiltrate the robot armies and destroy them from within. But how will she react to her mission? Will she obey her programming, or will she develop loyalties to robotkind?

Like the best science-fiction, McCarthy's story poses interesting questions about what it means to be alive and Kyle Baker's artwork has a stylish and unique perspective on the future. Look for Circuit Breaker this March!



BATGIRL CHARGES INTO BATTLE ON HER BIKE

One of DC Entertainment's hottest books right now is Cameron Stewart and Babs Tarr's Batgirl, and their popular off-the-shelf redesign of the character is featured on Graphitti Designs' *Batgirl: Soar T-Shirt!* Charging into battle on her motorcycle, Batgirl looks cool, composed, and stylish in this design from Babs Tarr!

WHO WILL SURVIVE IN *PREDATOR: LIFE AND DEATH*

Following on the critically acclaimed Fire and Stone, Dark Horse Comics returns to the [illegible] of Alien, Predator, and Prometheus with the new Life and Death epic!

On the distant planet Tartarus, a crashed starship of unknown origins has been discovered. What should be a simple salvage mission for the Colonial Marines — get aboard the horseshoe-shaped craft, get it aloft, and get it back to human space — has a complication when a representative for the Weyland-Yutani Corporation has his own secret motives for the ship. But that complication pales in comparison to a final threat — a Predator is stalking the Marines ... and the Colonial Marines may be lucky to get off Tartarus with their lives!

The epic kicks off with Dan Abnett and Brian Thies' Predator: Life and Death #1 this March, and it will flow to the [illegible] and the [illegible] from Prometheus before all is said and done. Look for it this spring!

518

No *Star Wars* fan can forget Luke Skywalker's confrontation with Jabba the Hutt in the first act of *Return of the Jedi*. Funko revisits the galactic gangster's Tatooine palace with a new POP! 3-pack available exclusively through ***PREVIEWS***, the *POP! Star Wars: Rancor with Luke & Slave Oola Vinyl Figure 3-Pack!* A new Jedi Knight Luke Skywalker figure is joined by Jabba's dancer Oola, and these 3 3/4" tall figures are complemented with an exclusive 6" tall Rancor monster!

NEOLEV BRINGS US OUR PROMISED HOVERBOARDS

460

We were promised hoverboards! Nearly thirty years ago, *Back to the Future, Part II* showed us the future of 2015, and the hot toy of the year was to be the hoverboard. Sadly, the hoverboard technology never exactly developed, but NeoLev has created the next best thing, the *Back to the Future Miniature Hoverboard Desk Toy!* This magnetic toy will put a levitating hoverboard on your desk, and you can get it in a 3-inch, 6-inch, or 12-inch size!

JANE FOSTER SUMMONS THE THUNDER FOR A NEW FEMME FATALE FIGURE

502

The enchanted mystical hammer Mjolnir is carried by a new Thor – Jane Foster! One of the most exciting characters of the past few years, the new Thor wears her battle armor for Diamond Select Toys' new *Marvel Femme Fatales: Lady Thor PVC Figure!* Sculpted by Sam Greenwell, this 9" tall statue of the goddess of thunder features Jane with her cast iron breastplate, winged battle helm, and hammer. Standing on a rocky base, she's ready to take on any foe!

KOTOBUKIYA CAPTURES THE EVIL OF CARNAGE

530

Among Spider-Man's foes, the insane symbiont Carnage must surely be counted as his most deadly! A "child" of Venom, the Carnage symbiont was bonded to a serial killer, creating an unstoppable enemy with an insatiate thirst for devastation! Kotobukiya sculpts this Spider-foe with their new *Marvel Comics: Maximum Carnage Fine Art Statue*. At 1/6-scale, this detailed statue features interchangeable arm pieces so you can pose this merciless enemy as you wish!

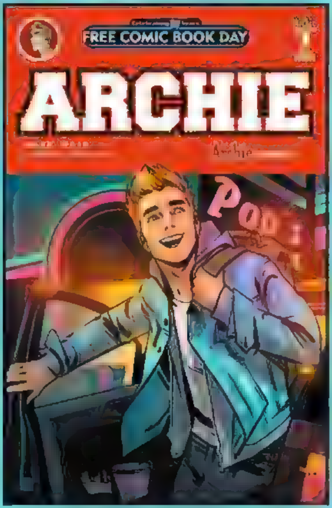
ARCHIE COMICS



ARCHIE #1 FCBD 2016 EDITION

(W) Mark Waid (A/CA) Fiona Staples

Comic superstars Mark Waid and Fiona Staples reimagine an icon in this special FCBD reprint of the best-selling first issue of *Archie*! Change has come to Riverdale in the can't-miss kick-off to Archie's new ongoing series! As the new school year approaches, you'd think Archie Andrews would be looking forward to classes and fun — but nothing is as it seems in the little town of Riverdale. Is this a one-off, or a sign of bigger changes awaiting America's favorite teens... and the entire town? Find out in this exciting, remarkable and critically acclaimed first issue! (STK697832)

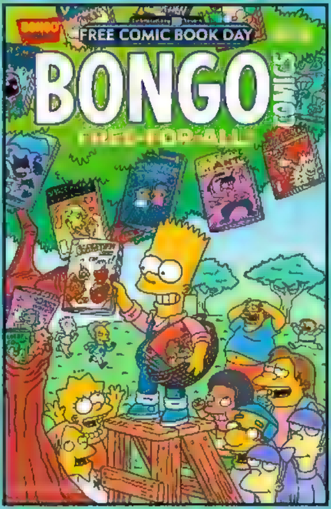
BONGO COMICS

BONGO COMICS FREE-FOR-ALL FCBD 2016 EDITION



(W/A/CA) Matt Groening

Get in line for the foremost Free Comic Book Day four-color giveaway of the year! Pieman and the Cupcake Kid take on a new crime team, Glutenus Maximus and his sidekick Gluten Tag, whose pastry-related misdeeds have led to a ban on all baked goods in Springfield! How will the heroic duo battle their foes without their arsenal of pies and cupcakes, and what's worse...what will Homer do without his daily dose of donuts? Then, after an unfortunate trip to the dentist, Principal Skinner is mistaken for a vampire. It doesn't help that Bart fuels the fire (and supplies the pitchforks) to an unruly mob uprising. All that and much, much more — and it's all *free*! (STK698612)

On sale MAY 18 • 168 pg, FC, $22.99 US

A daring new direction begins with the arrival of a brand new villain in these stories from WONDER WOMAN #41-47! But while he may be new to us, he's not new to the world he seeks to tame. And speaking of villains, Donna Troy's quest to destroy Wonder Woman ratchets up another gear (if that's even possible!), while Wonder Woman is learning how to replace Ares as God of War. Plus, Donna Troy's fate becomes clear as she embarks on a journey that will either end her life or begin a new one, while Wonder Woman draws closer to the Amazon who tried to depose Diana as queen!

A whole generation has grown up since the Great Quake, and people like Trix and her brother Johnny don't know what life was like before New Angeles crumbled. Suffice to say, they've learned how to make the most of living inside the walled city, and particularly within their 'hood. Johnny is the leader of the Kings of HelL.A., a street gang ready to protect its turf against any and all comers—though Johnny may have taken things too far when he crossed Leonard, a former Suicider known as the Coyote. Things are about to get a whole lot more violent.

Meanwhile, Trix is finding love in the arms of Johnny's best friend, and their star-crossed romance is going to bring trouble of an entirely different kind.

The second chapter in Lee Bermejo's acclaimed SUICIDERS series shows us a completely different side of life in New Angeles. Joining Bermejo for KINGS OF HELL.A. is artist Alessandro Vitti (RED LANTERNS), whose kinetic style perfectly fits SUICIDERS' brutal landscape.

SUICIDE SQUAD

STATUES

It feels good to be bad…Assemble a team of the world's most dangerous, incarcerated Super Villains, provide them with the most powerful arsenal at the government's disposal, and send them off on a mission to defeat an enigmatic, insuperable entity. U.S. intelligence officer Amanda Waller has determined only a secretly convened group of disparate, despicable individuals with next to nothing to lose will do. However, once they realize they weren't picked to succeed but chosen for their patent culpability when they inevitably fail, will the Suicide Squad resolve to die trying, or decide it's every man for himself?

JACK KIRBY'S THE MIGHTY THOR ARTIST'S EDITION HC

writer **Stan Lee** • artist/cover **Jack Kirby**

IDW Publishing is pleased to present the first Marvel Artist's Edition featuring the King of Comics—**JACK KIRBY**!

Jack Kirby was the most important and influential artist in comics history. He co-created most of the Marvel Universe, including *Captain America, The Fantastic Four, The X-Men, The Incredible Hulk, Ant-Man, Iron Man, The Silver Surfer,* and so many others—as writer, artist, innovator, his legacy is unparalleled. This very special Artist's Edition features *The Mighty Thor,* one of the key characters from the fabled Marvel Age of Comics—all the grandeur and energy that infused Kirby's work is evident here. Classic complete stories are included from *Journey Into Mystery* #111, #117, #118, and more, plus a beautiful gallery section!

STAR TREK: THE CLASSIC UK COMICS, VOL. 1

writer/artist **Harry Lindfield, Jim Baikie, Mike Noble**

cover **Harry Lindfield** • introduction **Rich Handley**

In 1969, six months before the *Star Trek* TV series premiered in England, British comics readers were introduced to the characters in an original comic-book series. The stories were serialized, generally 2 to 3 pages at a time, in 257 weekly magazines spanning five years and 37 storylines. These extremely rare comics have never been published in the United States. *Star Trek* fans will quickly note that the comics were not written with strict adherence to *Star Trek*'s core concepts. But it's precisely that "offness" that makes them so eminently readable and deserving of a proper reprinting. They're unique in the annals of *Star Trek* and fans have gone without them for far too long.

THE AWARD-WINNING INTERNATIONAL BEST-SELLING GRAPHIC MEMOIR
CARLOS GIMÉNEZ
PARACUELLOS
CHILDREN OF THE DEFEATED IN FRANCO'S FASCIST SPAIN
PREFACE BY WILL EISNER

PARACUELLOS, VOL. 1

writer/artist/cover **Carlos Giménez**

Paracuellos is a work of great courage, created at a time when telling the truth about Spain's political past could get one killed. It is arguably the most important graphic memoir ever created in comics. **Carlos Giménez**'s autobiographical account of the plight of children in post-World War II Fascist Spain has won virtually every comics award in Europe, including "Best Album" at the 1981 Angoulême Festival and the "Heritage Award" at Angoulême in 2010.

In the late 1930s when Spanish fascists led by Franco, and aided by Hitler and Mussolini, overthrew the elected government, almost 200,000 men and women fell in battle, were executed, or died in prison. Their orphaned children—and others ripped from the homes of the defeated—were shuttled from Church-run "home" to "home" and fed a steady diet of torture and disinformation by a totalitarian state bent on making them "productive" citizens. **Carlos Giménez** was one of those children. In 1975, after Franco's death, Carlos began to tell his story. Breaking the code of silence proved to be a milestone, both for the comics medium and for a country coming to terms with its past.

An illustrated essay by **Carmen Moreno-Nuño**, Associate Professor of Hispanic Studies at the University of Kentucky, places the comics in historical perspective.

Ten years have passed since Stephen Thorn's fiancée vanished without a trace, and he has grown into a prominent, if bitter, victim's rights crusader. Despite the cold trail and lack of leads, he stubbornly refuses to give up the search. And then…he begins to hear her voice in the strangest of places.

Pursued by his own organization and questioning his sanity, Stephen embarks on a grisly journey to save his long-lost love. As he unravels the truth of her disappearance, the body count rises and Stephen finds himself ensnared in a trap that had been set for him long ago.

"Brutal, terrifying, and devastating…The Rattler is sure to be one of the very best things you'll read all year."

DRAW!
LEE WEEKS

HOW TO DRAW MONTH:

TWOMORROWS ARTIST PROFILES

This month, in honor of *How to Draw Month*, we spoke with three different artists: **MIKE MANLEY**, Editor of *DRAW! Magazine* from Twomorrows Publishing, and **CLIFF CHIANG** and **PAOLO RIVERA**, both the subjects of Twomorrows' great *Modern Masters* series trade paperbacks offered again this month on page 426.

SUBJECT: **MIKE MANLEY**
Editor, *DRAW! Magazine*

PREVIEWS: Who were your top three artists growing up?

MIKE MANLEY: As a small kid growing up in Detroit, I think Chuck Jones, Jack Kirby, and Neal Adams were my favorite artists, along with Mort Drucker in Mad magazine.

P: You've had long, fruitful careers in both comics (with long runs on *Darkhawk*, *Batman*, and *Superman Adventures*) and animation (working on *The New Batman/Superman Adventures*, *Fairly Oddparents*, *Samurai Jack*), and now you're breaking into the fine arts. Can you briefly describe how your work in one medium informs your work in the other?

MM: The common thread that runs through it all is drawing and storytelling. Composition and serving the story first also are primary concerns, though comics and animation do have differences in how you deal with time and the frame or panel. In film the frame is always the same proportion; in comics panels can change size and shape, and that gives you a wider variety of compositions. Time in film is created by editing the length and amount of screen time each scene is; comics achieves this through the amount of panels. Clear staging works for both, but you have to understand film language and the needs of both mediums.

HOW TO DRAW COMICS
THE MARVEL WAY
BY STAN LEE
AND JOHN BUSCEMA

P: You created *DRAW! Magazine* to be the type of magazine you wish you'd had available when you were a young artist. Were there any books that inspired you as an artist early on? Is there a more recent book that you wish you'd had when you were starting out?

MM: Of course, like most artists of my generation, *How to Draw Comics the Marvel Way* (JAN158376) by Lee and Buscema was a big book, along with *The Illusion of Life* by Frank Thomas and Ollie Johnston. I got both as Christmas presents at 15 or 16. I was lucky to be introduced to Andrew Loomis' *Fun with a Pencil* (NOV121478) by my grandfather. Loomis' books were all very important to me, especially *Creative Illustration* (JUL121401) and *Figure Drawing for All It's Worth* (AUG111365). I spent years and hundreds of dollars to track his books down, but luckily most of his work is back in print. I still think his books are the best overall books to get a good solid base down.

P: Being an art teacher as well as a working artist, what are a few of the points you stress the most to your students?

MM: Draw! Draw all of the time and draw everything, because in comics, animation, or illustration, you will have to draw anything and everything, and on demand and on deadline. Drawing is also thinking. Drawing is also the base that you need to do illustration, painting, or animation. It's fun to draw the heroes and action, but you have to be able to draw convincing backgrounds and animals, etc. Keep sketchbooks and draw on the bus, on the train, at Starbucks. My success as an artist has always been based on my drawing skills, which allowed me the ability to work in different styles.

P: We know you don't read many comics these days, but is there anything current that gets your blood flowing?

MM: I always look for works by Walt Simonson and Mike Mignola, and a few others like Ron Garney and Stuart Immonen. I pop in the shop about twice a year, though I see a lot of things online, but I tend to wait now and buy the collections, as I have way too many comics I need to get rid of! But I'm always looking for and am excited to see great art by anybody.

SUBJECT: **CLIFF CHIANG**

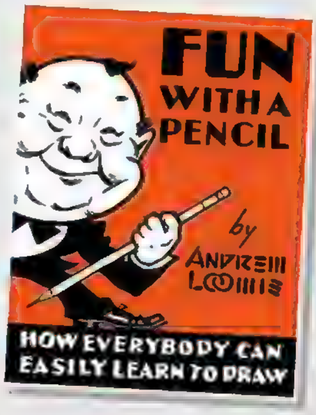
Artist, *Paper Girls*

PREVIEWS: Who were a few of the artists who sparked your interest in drawing?

CLIFF CHIANG: Charles Schulz when I was 6, Paul Smith when I was 10, and Alex Toth when I was 24.

P: Were there any books from your childhood, or perhaps your time at Harvard, that you found useful in bettering yourself as an artist?

CC: Who doesn't love *How to Draw Comics the Marvel Way*? It's very specifically written, but it was great inspiration to draw superheroes. As an adult, I found Andrew Loomis' drawing books (finally back in print after decades!), which are fantastic, and once you're done with those, *Creative Perspective for Artists and Illustrators* by Ernest W. Watson is really useful, too.



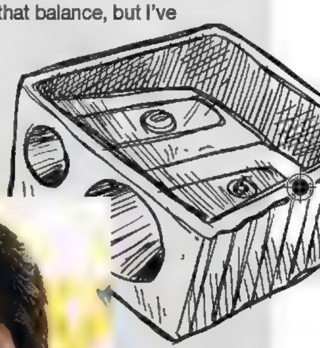
P: You started your career in comics in editorial rather than as an artist. Can you briefly describe the transition from being an assistant editor to becoming a freelance artist, and how your editorial background informed your work as an artist?

CC: I wanted a career in comics and was lucky enough to land in editorial positions at *Disney Adventure Magazine* and then Vertigo. While I'd always wanted to draw comics, my work simply wasn't up to snuff at the time and might never be. It took a few years before I was good enough to go freelance. Working in editorial really taught me how comics are made and, through my interactions with freelancers, what life as a professional artist might be like. It helps me anticipate what an editor needs as well as make them rest a little easier, which is good for everyone. It's also given me confidence knowing my role in how it all gets put together.

P: With *Paper Girls* you're doing your first creator-owned book. What was the process between you and Brian K. Vaughan in creating a whole world from scratch? And as someone who is open to changing his style to fit a project, what went into your stylistic choices for this story?

CC: Brian and I talk when we can, but the primary collaboration is on the page. He has an idea of the story he wants to tell, but that also changes after he's seen how I draw it. It's growing organically, which is much better than laying everything out rigidly from the start — you can get into trouble that way.

We're striving for a certain amount of authenticity, so the period setting here really needs to feel lived-in, and not some Hollywood caricature of the '80s. Visually, that meant drawing a lot of mundane, everyday stuff, so the drawing needed a little more personality and style to it to give the book a "feel." But I also get to draw some incredibly weird stuff, so it also had to look grounded. It's been a challenge to maintain that balance, but I've really enjoyed it.

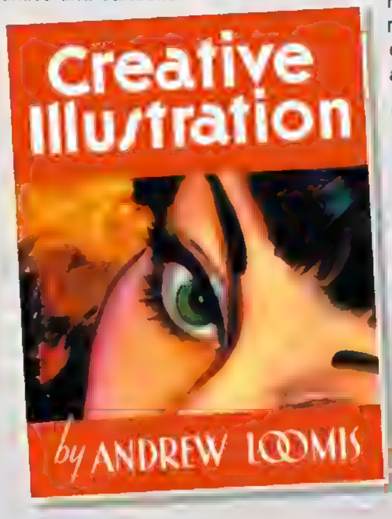


SUBJECT: **PAOLO RIVERA**

Artist, *Hellboy and the B.P.R.D.: 1953—Beyond the Fences*

PREVIEWS: Who were a few of the artists who sparked your interest in drawing?

PAOLO RIVERA: I had loved comics and cartoons from my youngest days, but around 5th and 6th grade is when I really started to take note of the artists themselves. I had the *Batman* movie adaptation with Jerry Ordway on art, and his draftsmanship was a huge influence. I couldn't quite nail a likeness at that age, but he showed me that it could be done in ink. Around that time, *Batman: The Animated Series* hit the airwaves and I was an immediate fan (though I wouldn't follow Bruce Timm specifically until a little later). And of course, Jim Lee on *X-Men* #1 blew my 12-year-old mind!



P: You basically grew up in an art supply store. Were there any books from your childhood, or perhaps even your time at RISD, that you found useful in bettering yourself as an artist?

PR: My favorite book was, and still is, *Atlas of Human Anatomy for the Artist* by Stephen Rogers Peck. He was equally skilled at both detailed painting and spare but powerful gesture drawings. After college, I came across Andrew Loomis' many books. I had heard of him, of course, but never had a chance to really study him — I wish I had found them earlier, especially Successful Drawing. I also had a nice book on perspective in second grade. I'm not sure of the author, let alone the publisher, but it was part of the line of large but thin books you could find in a spinner rack at any art store, although not ours. It wasn't particularly in depth, but those basic concepts are still what I use to this day.

P: You use a lot of photo reference in your work, as can be seen in your "Wacky Reference Wednesday" blog posts (paolorivera.blogspot.com). Describe when and how you use reference, and what you do to keep your work from becoming stiff, as what happens with so many artists who rely too heavily on photos.

PR: I use much less than I used to, but it still comes in handy for tough poses. The *Hellboy* page on my drawing board right now has 32 figures — much more than the average — and I didn't use a single photo. However, all those figures are either standing or walking, which makes things easier. If they had been interacting, or doing a very specific action like putting on a jacket, they might be a good candidate for photo reference. As for avoiding "stiffness," it's all about acting — if you're not feeling what your character feels, then the reader definitely won't. Lastly, as a general rule, I'm gleaning 3-D gestures from photos, not 2-D relationships. That dreaded "photo look" can be avoided by keeping your reference small, or far away, and paying attention to the most important details, not the outlines.

P: You seem to be incorporating digital work more and more into your process. What process are you using on your current *Hellboy* project?

PR: Once I bought a Cintiq in 2012, there was no turning back. I begin every page in Photoshop, sketching and planning until I'm happy with the overall look. About a third of my pages now are finished in Photoshop as well, something that began with *The Valiant* last year. For the traditional pages, I print out the roughs in blue-line and pencil over them. Then I convert that to blue-line and my dad, Joe Rivera, inks over them.

English mathematician and scientist Alan Turing (1912-1954) is credited with many of the foundational principles of contemporary computer science. *The Imitation Game* presents a historically accurate graphic novel biography of Turing's life, including his groundbreaking work on the fundamentals of cryptography and artificial intelligence. His code breaking efforts led to the cracking of the German Enigma during World War II, work that saved countless lives and accelerated the Allied defeat of the Nazis. Award-winning duo Jim Ottaviani and artist Leland Purvis present a detailed account of Turing's life and groundbreaking research — as an unconventional genius who was arrested, tried, convicted, and punished for his openly gay lifestyle, and whose innovative work still fuels the computing and communication systems that define our modern world. WOODY GUTHRIE AND THE DUST BOWL BALLADS

(W/A/CA) Nick Hayes

Using the sepia tones of the Dust Bowl as his palette, author and artist Nick Hayes tells the story of world-famous folkie Woody Guthrie (1912-1967), starting in the 1920s when Guthrie was a teenager supporting himself in dried-up, post-boomtown Oklahoma. Picking up a harmonica and eventually a battered guitar, Guthrie finds solace in the ancient lineage of folksong. Hayes charts the musician's course from Oklahoma and Texas towns ravaged by dust and the Depression to boxcars, factory farms, and the migrant camps of California, highlighting Guthrie's dedication to singing American folk tunes and creating his own modern classics along the way. LI'L RIP HAYWIRE ADVENTURES VOLUME 1: ESCAPE FROM CAMP COOTIES HC
(W/A/CA) Dan Thompson
Ray Haywire thinks he's got it made. Instead of going to bed early, doing fractions, and eating Brussel sprouts, he gets to accompany his soldier-of-fortune dad on laughably dangerous international missions. He's the only 12-year-old in the world with a working knowledge of the Seven Most Common Booby Traps Used by Ancient Civilizations. It sure beats school, right? But Rip's life is about to change when his dad, in a sudden fit of responsibility, assigns Rip his toughest mission yet: a historically all-girls summer camp. Will Rip learn how to get along with his feminine camp mates, most of whom have never seen a flame thrower, let along used one to fend off a pack of rabid hyenas? Can Rip solve the mysteries that surround the camp and one intriguing girl in particular? (STK697755) (C: 0-1-0)

THE CREEPS VOLUME 2: TROLLS WILL FEAST

(W/A/CA) Chris Schweizer

In Pumpkins County, monster attacks are a common enough occurrence, but when Jarvis is attacked by an invisible monster, the Creeps know they've found their next case. Through Mitchell's extensive monster expertise, the gang identifies the culprit: a Troll. Unfortunately, Trolls travel in packs. They hibernate together, and they feast on humans together. The tastiest type of human? Those who have been marinating in their own stress hormones. And there's an awful lot of stress to go around these days, what with the town's gossip site spewing out nonstop misinformation and alarmist messages. Could the Trolls be behind the county-wide breakdown in communication? Available in softcover and hardcover editions.

O/A THE CREEPS VOLUME 1: NIGHT OF THE FRANKENFROGS

(W/A/CA) Chris Schweizer

In Pumpkins County, weird things happen every day, but nobody ever makes a fuss. Nobody, that is, except the Creeps: Carol, a big-city girl new to Pumpkins County, who finds kindred spirits in Mitchell (monster expert), Jarvis (military brat with logistics know-how), and Rosario (girly girl on the outside, muscle underneath). The Creeps are on the case to figure out the spooky mysteries and still get to class on time. Last week it was a pudding monster. This week, it's killer frogs-reanimated from the team's biology class dissection experiment. Who's behind the Frankenfrog attacks? The Creeps will track down the answers! NATHAN HALE'S HAZARDOUS TALES VOLUME 6: ALAMO ALL-STARS HC

(W/A/CA) Nathan Hale

In the early 1800s, Texas was a wild and dangerous land fought over by the Mexican government, Native Americans, and settlers from the United States. Beginning with the expeditions of the so-called "Land Pirates," through the doomed stand at the Alamo, and ending with the victory over Santa Anna at the Battle of San Jacinto, the entire Texas saga is on display. Through his vivid depiction and additional maps, and biographies located in the back of the book, Nathan Hale brings new insight for students, teachers, and historians into one of the most iconic structures in the United States. SOME CLEVER TITLE: A FOXTROT COLLECTION BLAH BLAH BLAH SC

(W/A/CA) Bill Amend

FoxTrot distills popular culture through the lens of everyday family life, offering a deft and humorous critique on society's latest comings and goings. You might belong in the Fox family if you... dress up in a Batman costume... model a scarecrow after your sister... bake cookies to bribe your teachers... spend all day playing videogames... buy a cart load of junk food when your wife is out of town... eat all the candy out of your kids' Easter baskets. With a refreshing blend of humor and truth, *FoxTrot* reminds us that while a family might seem normal on the outside, there could be a perpetually hungry pet iguana on the inside. MERCURY HEAT VOL 01 TPB

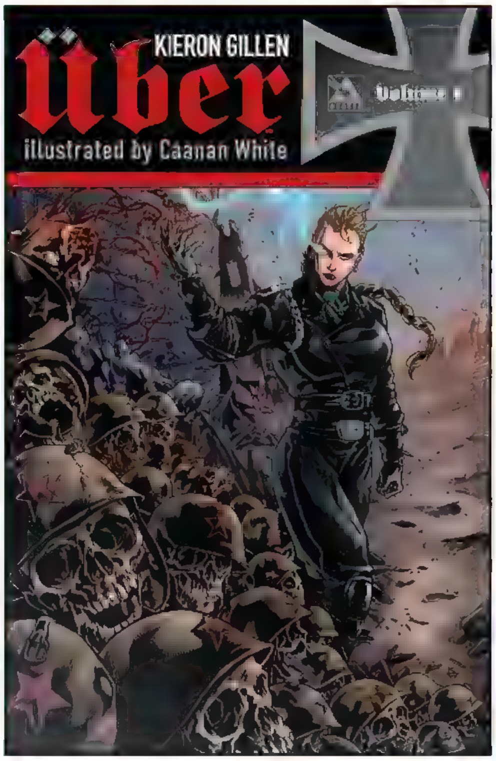
Retail Price: $19.99
Cover: Omar Francia • **Writer:** Kieron Gillen
Art: Omar Francia, Nahuel Lopez
MR, Color, 160 pages

"[Mercury Heat] is a constant conveyor belt of ideas: a freelancer society, where jobs are seemingly assigned on a daily basis; a new class system constructed out of personality-profile castes; body modifications that can dial down pain while reinforced knuckles punch through steel."
-Comics Alliance

About: Kieron Gillen blasts into an all new epic sci-fi series, Mercury Heat! Gillen's work has gained a massive following from titles like Uber, The Wicked and the Divine, and Darth Vader. Now he takes you to Mercury, a slow turning planet where you can outrun the sunrise along with the blistering heat it brings. This is the new frontier of space, where humanity's insatiable need for energy is being fueled by Mercury. It's a tough environment and it attracts a rough crowd. So Luiza is bringing her own heat as a cop on Mercury, since she's just a bit too intense to be one on Earth. Mercury Heat introduces the sci-fi world of the future where individuals are identified by genetic markers and personality types to fill roles in society, the troublemakers seem to end up on Mercury. Luiza wanted to help people, she wanted with all her heart to be a police officer. But the automated Grapevine system had other plans for her. There are only a few legal options for someone branded with her neuroprofile. As an adult Luiza's dream came true - just on Mercury where she enforces laws with extreme prejudice as a bounty agent in a world of hard-as-nails miners and cyborgs. This volume collects issues #1-6 of the ongoing Mercury Heat comic book series and the Free Comic Book Day Edition.



UBER VOL 01 TPB (NEW PRINTING)

About: Alan Moore's redefining of the Crossed universe 100 years in the future continues with his hand selected successor, Crossed: Wish You Were Here scribe, Simon Spurrier. Future Tayler's world was devastated by the realization that one of her closest friends led to the devastation of Chooga. Now as she helps a new town of survivors prepare for the organized attack of the evolved Crossed, she realizes that her best efforts may not be enough. The Crossed have a plan and they are coming. No amount of wishful fiction will prevent the conflict to come. The Crossed +100 series is a self-contained whole new world; no prior knowledge of the Crossed series is needed. Crossed +100 Vol 2 TP contains the continuing story originally presented in issues #7-12 of the ongoing comic book series.

About: Crossed +100 has taken the years in-between C-Day and a century of evolution to deliver something wholly original. Alan Moore's extended slow burn horror has continued to surprise at every turn and scribe Simon Spurrier is delivering his most realized work since Wish You Were Here. Future Taylor has discovered something so sinister that even the horror and destruction of the towns and lives she's witnessed pales in comparison to the revelation. The Crossed have a plan and the trap has been sprung! Several special themed covers continue to enrich the series:

American History X Wraparound - Each of these will depict a specific time in the past hundred years, showing how things have changed and offering a peek at some key events. Each cover will display the year in which it takes place to help build the full picture. Art by Christian Zanier.

Crossed Wires - The Crossed just don't see or make things the same way a person would, these images celebrate that day-to-day madness. Art by Zanier.

Disastered - These will show how America has changed since the original Crossed outbreak. Art by Zanier.

Horrific Homage - What if the Crossed were there from the very beginning of comics? This edition will be an Homage to a great Golden Age cover. Art by Michael DiPascale.

Wishful Fiction - The evolution of science-fiction would have been very different with the Crossed as we show you here! Art by Daniel Gete.

THE ONLY LIVING BOY VOL 1: THE PATCHWORK PLANET GN

Recommended by Sarah

David Gallaher (Hulk: Winter Guard, Green Lantern Corps) and Steve Ellis (Iron Man, Lobo & Green Lantern) have brought their creator-owned project *The Only Living Boy* to comic shops at last!

An amnesiac, Erik Farrell is displaced in time and space to a planet not terribly dissimilar to our own. As this twelve-year old fights and flees through ruined cityscapes and abandoned subway tunnels, pieces of his memory begin to filter into place, but even those shards of thought are not enough to make heads or tails of the world around him. To the reader, the buildings and landmarks are instantly recognizable (especially to those readers old enough to recognize Simon & Garfunkel's song of the same name set in the same city), but for Erik, his quest for identity remains a driving force in this fish-out-of-water fantasy.

The "Big Bad" in *Only Living Boy* has cobbled together a realm of disparate and desperate peoples and lands stolen from other realms. The tribes make war on one another, consume one another, and despise one another when a unified front could topple the villain sitting at the center of the chaos. Erik, who is universally unaffiliated with any of the various species, has decided that the boy he is—building up from his blank slate foundation—would not hide from injustice.

This is only the first volume, but already we see Erik's resolve as he begins his great journey to recruit a team, restore his memory, and slay the evil that subjugates this patchwork planet.

Reminiscent of the comic series *Flash Gordon*, *Only Living Boy* is a sprawling adventure fantasy perfect for readers looking for something different from their far-out space journeys.

WHAT'S TO LOVE

With over four million viewers per week watching episodes that air three times a day, seven days a week; an awareness of above 90% for men and women ages 7-54; and a new film coming in 2017, the Power Rangers are more popular than ever. Dive headfirst into our original, modern ongoing ***Mighty Morphin Power Rangers*** series that will appeal to both nostalgic fans and new readers who enjoy epic, action-adventure fantasy stories.

WHAT IT IS

Based on the long-running Power Rangers franchise, five teens from Angel Grove High are granted superpowers and giant robot dinosaur Zords to defend Earth against the alien villain Rita Repulsa. When Repulsa creates an evil Green Power Ranger by brainwashing recent transfer student Tommy, the team is able to free him from her grasp and get him on their side. But with remnants of Repulsa's control still stirring in the back of Tommy's mind, he must confront the fact he may be more of a danger to his new team than a help. This is "Green Ranger: Year One."

Covers by **Artyom Trakhanov, Johnny Dombrowski** *(INCV)*
$3.99 • 32 Pages • Full Color

WHAT'S TO LOVE

Employing the most compelling elements of science fiction and the detective genre, ***Turncoat*** is a gripping exploration of power vacuums and the legacy of oppression. Alex Paknadel *(Arcadia)* and Artyom Trakhanov *(Undertow)* tell the story of a guilt-ridden protagonist through a grisly quest for a truth. ***Turncoat*** will scratch that itch you have for dark sci-fi like *Blade Runner*, *The Forever War*, and *Neuromancer*.

WHAT IT IS

300 years since humanity was brutally subjugated by the alien race known simply as the Management. Two years since these invaders abandoned Earth to return to their home world. Following her participation in the brutal massacre of human-alien hybrids left behind by the Management, resistance fighter Marta Gonzalez declines to join the new human government and starts her own private detective agency instead. Gonzalez is forced to confront her own bloody past and acknowledge the fact that the transition from oppression to emancipation is anything but clean.

Covers by **Andy Hirsch, Hannah Christenson** *(INCV)*
$3.99 • 32 Pages • Full Color

WHAT'S TO LOVE

Roger Langridge *(Abigail and the Snowman, The Musical Monsters of Turkey Hollow)*, who has delighted us with his imaginative all-ages work for years, is teaming up with Andy Hirsch *(Adventure Time)* to bring us a new twist within the world of Sherlock Holmes. What if the world's greatest detective wasn't quite what he—or she—seemed?

WHAT IT IS

It's a lovely day in 1930s London, right up until a giant stone lion comes to life and starts wrecking the city! It seems like the perfect case for the world's most famous detective, Sherlock Holmes. Of course, Holmes doesn't actually exist: he is a fictional character created by housekeeper Mrs. Hudson, who has been the real detective all along, writing Holmes' adventures under the pen name of John Watson and running around the city in disguise. With an overwhelmed caseload she'll need the help of a precocious bunch of young detectives-in-training to solve the mystery of the living statues. Baker Street will never be the same!

WHAT'S TO LOVE

Sons of Anarchy collaborators Ed Brisson *(Sheltered, Batman & Robin Eternal)* and Damian Couceiro *(Murder Book)* are no strangers to rich, flawed characters with criminal backgrounds. This time they're taking to the stars in this futuristic, sci-fi adventure filled with old-school, hard-boiled action.

WHAT IT IS

In the distant future, as mankind discovers life on other planets, it needs soldiers to defend its colonies across the stars. In order to increase the number of boots on the ground, criminals are offered the opportunity to serve in the place of incarceration. When a rag-tag group of prisoners become stranded on a war-torn planet, they'll need to work together to survive and uncover the truth behind Earth's role in deep space. Collects the complete limited series, issues #1-8.

> "There's a renaissance of sci-fi storytelling across many mediums right now and comics are no exception. Brisson and Couceiro's sci-fi meets *The Dirty Dozen* approach provides an easy entry point for this story."

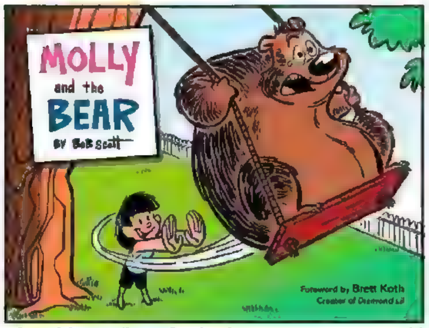
MOLLY AND THE BEAR GN
(W/A/CA) Bob Scott



Created by Disney Animation artist Bob Scott, whose illustrious career has spanned over three decades and has included projects ranging from Warner Brother's Bugs Bunny cartoons to Pixar's *The Incredibles* and *Ratatouille*! It can be tough on a family when someone new has moved in, especially if it's a 900-pound scaredy-bear so terrified of wilderness life that he's fled to the burbs. Fortunately Bear was found by Molly, a fearlessly optimistic 11-year-old can-doer who has taken him firmly in hand, devoted to seeing her hirsute BFF cope with modern life. Molly's Mom is happy with the new sibling; Bear's an excellent conversationalist and loves her homemade cookies. But Dad is having a harder time; his role as center of the universe now shared with an ursine behemoth who, unfortunately, adores him. (STK697440)

HELEN, SWEETHEART OF THE INTERNET VOLUME 1: ATTACK OF THE 50-FOOT HELEN TP
(W/A/CA) Peter Zale
Helen, Sweetheart of the Internet was the first comic strip to make the leap from the internet to newspaper syndication. It began online in 1996 and was syndicated to newspapers starting in 2000. Now ComicMix is reprinting her adventures from the very beginning! Helen Nichols — you know her, you love her, you fear her if you know what's good for you. Forget about those corporate suits upstairs in the corner office, because it's the techies who hold all the real business power today. It's a strange new world and nobody embodies the high-tech zeitgeist more thoroughly, more knowingly, or more hilariously, than Helen, "sweetheart of the internet." It's her universe, we just log into it. (STK698351) (C: 0-0-1)

SAMURAI #1

Recommended by Jon

Japanese culture has a plethora of fantastic aspects to its rich history – nobility, self-discipline, honor—but none are more stoic than the Samurai warriors.

Samurai #1 published by Titan Comics continues the epic fable created by Jean-François Di Giorgio and Frédéric Genêt, yet acts as a jumping on point for all readers. After defeating the dreaded Akuma, Takeo sets out to the isle with no name in search of answers to questions that plague his life. Where is his long lost brother? Is he even still alive? And what's going on with that mysterious tattoo?

Genêt's beautiful, consummate art is perfectly complimented by the lush use of colors. You'll be blown away by every detail, from the beautiful swaying pink trees, to the all-too-real action detailed throughout the pages!

David Mack, fresh off of his work on Netflix's *Jessica Jones* opening credits, provides a superb variant cover that cannot be passed up, symbolizing the graceful yet powerful demeanor of the samurai.

***Samurai* #1 is as bombastic as they come. Witness the rise of a warrior!**

Vampirella takes Hollywood in this new adventure of the classic demon-hunting, monster-slaying, thrill-seeking vampire queen. When her stately manor is attacked, she begins to unravel a plot as old as the silver screen, discovering what monsters really lurk in the shadows of the City of Angels. Writer Kate Leth (Adventure Time, Edward Scissorhands, Hellcat) says, "Can Vampirella be both a cult icon on the rise and take down an empire of ghouls and ghosts? Signs point to: Hell, yes!"

VAMPIRELLA #1

INTERVIEW w/ KATE LETH

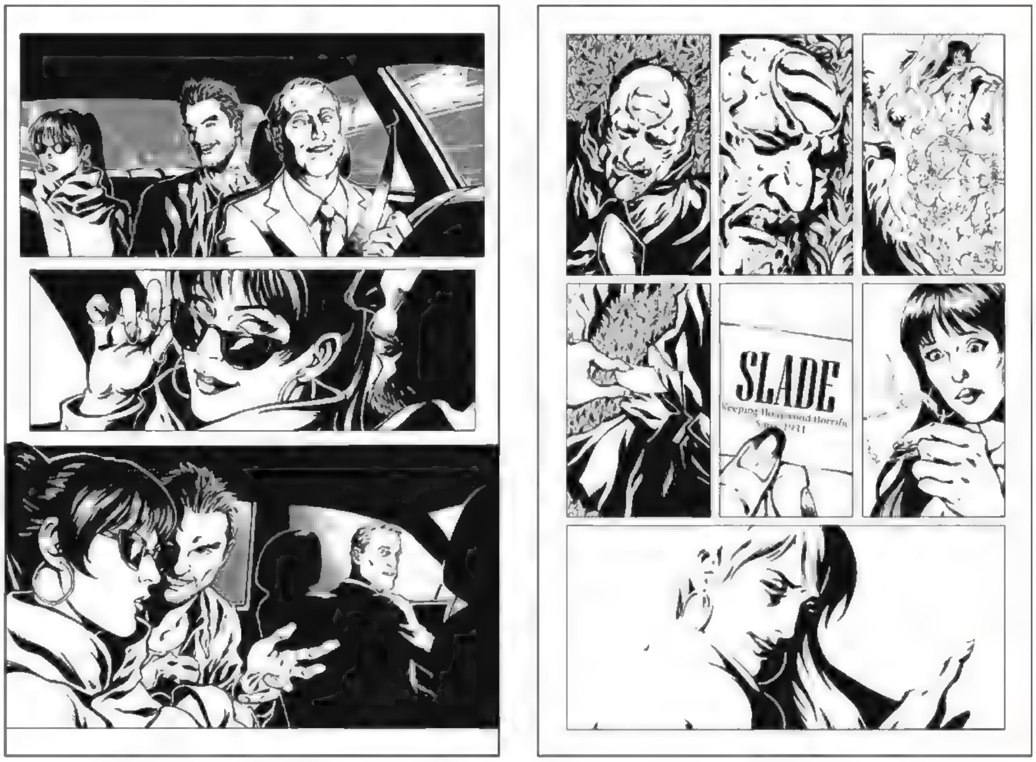
FEATURED ITEM

KEITH DAVIDSEN: You're taking the reins on *Vampirella*, an outright icon in horror comics. What are your favorite aspects about this enduring character?

KATE LETH: I love the genre that Vampirella comes from. I'm a fan of classic horror, of B-movies, of monsters and things that go bump in the night. Vampirella's both classic and otherworldly, terrifying and camp. She represents a style we don't see much of anymore, and I'm thrilled to get the chance to try something new with her.

KD: With decades of monster-hunting under her belt, Vampirella has seen threats of all shapes and sizes. What can you tell us about the foe (or foes) she'll face in the new series?

KL: We're dealing with the long history of horror in Hollywood, all the way back to the first black and white films. We'll get to know an organization that has been turning the wheels and terrorizing productions for decades, led by a woman who's not keen on having a monster hunter in town. We open a bit tongue-in-cheek, but quickly realize there are very real dangers for Vampi in this story.



Interior line art by Eman Casallos

KD: The new direction for Vampirella runs concurrently with new series for *Red Sonja* and *Dejah Thoris*, based on some ideas conceived of by Gail Simone following the epic *Swords of Sorrow* crossover. Do readers need to know what came before, or what's going on in the other series? What are your thoughts on this bold new Dynamite initiative?

KL: I'm excited to see Dynamite move in this direction and take chances with younger, newer creators. I want Vampirella to be new-reader-friendly, but we also see some characters from her past follow her to her new life. You won't need to know what's going on elsewhere, but you should – those are some great books!

KD: What should fans know about Vampirella's new costume design, and how it fits into the story? What are your thoughts on the new costume by comparison to the classic design?

KL: I love her new design, and I love her original design. The new costume is so fantastic because it's not only something I wish I owned, but it makes sense for her as a capable, crime-fighting vampire! We'll absolutely see her classic look, but what's changing is why she wears it, and when.

KD: Your fans know you from work on such whimsical titles as *Adventure Time* and *Edward Scissorhands*. Are there themes or storytelling techniques which parallel your previous work? What would you like your fans to think when they read the new Vampirella series?

KL: I'd like fans to approach it expecting something new. It's cheeky and sexy, scary and a little dark. It's not like anything I've written before, and I'm taking new risks. It's not a kids' book, although I want it to have that feeling of sneaking into an R-rated movie. You can be sure it'll be filled with quips and innuendo, as well as bloody action.

Twenty years from "now": The Deadites and their Army of Darkness have succeeded in bringing down Western civilization. An unexpected upshot of the demons taking over was supernatural species such as vampires, witches, and werewolves forming an uneasy alliance with humanity in order to survive. The only hope for both mankind and monsters alike is a ritual that will send the Deadites back to the hell that birthed them. But first, a rag-tag crew that includes the Frankenstein Monster and Eva, the Daughter of Dracula, have to track down the fabled spell book known as the Necronomicon Ex-Mortis and deal with its guardian, a certain Ashley "Ash" Williams.

INTERVIEW w/ NANCY A. COLLINS

KEITH DAVIDSEN: There's considerable heat on Ash right now, thanks to his long-awaited leap from the Big to the Small Screen. After all these years, what do you consider to be the reluctant hero's lasting appeal?

NANCY A. COLLINS: I think Ash's biggest appeal is that he's just an Ordinary Joe thrust into some serious Lovecraftian high weirdness, who is doing his best to be a hero, even though he really doesn't want the job. It is very easy for fans to picture themselves in his shoes. He's not so much an Anti-Hero as an Everyman.

KD: Dynamite's *Army of Darkness* comics have taken Ash to outer space, the virtual reality of the future, the distant past, and to hellish dimensions. Where will your story take Ash, and why did you choose that setting?

NAC: The setting for FURIOUS ROAD is 20 years "from now". Whenever "now" is. The Deadites have managed to finally spread into the world at large and everything has collapsed. We're looking at a post-apocalyptic world (at least in North America), with scattered pockets of humanity holed up against the Army of Darkness. A group of human survivors team up with some of the last surviving monsters — a pack of werewolf bikers, Dracula and his Brides, a witch, Frankenstein's Monster, etc. – to battle the Deadites. The monsters' reason for helping the humans is largely one of enlightened self-interest; they need humanity to survive, and, to be honest, the Deadites don't play well with anyone, even their fellow damned. It's up to them to send the Army of Darkness back to whatever hell they call home — and that means they need the help of the Chosen One, a.k.a. Ashley "Ash" Williams. But it's going to take some convincing. Oh, and did I mention the action is set in Michigan? The setting is a tribute to creator Sam Raimi and actor Bruce Campbell, who are from the Detroit area.

KD: Ash will reunite with other horror characters from the Dynamite stable, including Frankenstein's Monster and Eva, the Daughter of Dracula. What are your thoughts on how such a story contributes to the Dynamite brand of horror?

NAC: I think it helps expand Dynamite's dark universe and provides it with a sense of verisimilitude. You get a feel that these characters actually interact with one another and that things that happened in past stories inform and shape the current storyline.

KD: Ash is yet another character in a long line of horror icons that you've written for comics, a list that includes Swamp Thing, Vampirella, Jason Voorhees, Leatherface, Aliens, and Predator. Does the idea that there are hardcore fans out there for these characters weigh on how you develop your stories, or do your stories stem from (or cater to) a more personal place?

NAC: Knowing that there is a dedicated fan base for the characters does factor into my storytelling, but I am also aware that you cannot please everyone. I try to approach the characters as a writer, first — although, so far, I have also been a fan of every licensed character I've ever worked on. I prefer good stories to fan service, myself.

KD: Finally – can you give a hint to the fans, something which will blow their minds about the new FURIOUS ROAD series? In other words, "Just wait'll you see the..."

NAC: How does a werewolf biker gang sound? Or a baseball-bat wielding nun? Oh, yeah, and then there's the hood-surfing Deadites riding classic muscle cars. *Army of Darkness: Furious Road*'s got it all, baby.

INTERVIEW w/ CORINNA BECHKO

KEITH DAVIDSEN: Tarzan was a creation of literary great Edgar Rice Burroughs, while comic industry legend Will Eisner had a hand in creating Sheena. Does a sense of legacy affect how you craft a story featuring such iconic characters?

CORINNA BECHKO: Of course! When writing characters like these, it's always best to be mindful of their history. After all, if they don't feel like the same people, what's the point? But the flip side of that is remembering that they need to feel fresh and relevant. I'm not crafting a museum piece, after all; I'm working to bring a new story to life. Sometimes that means leaving behind some of the more "problematic" elements while at the same time retaining the traits that made them so beloved in the first place.

KD: Sheena was created intentionally as a role reversal of traditional jungle action tropes (pioneered by Tarzan); the Queen of the Jungle spent much of her time saving hapless men in distress. Will we see that characterization in your new storyline?

CB: Count on it. The trope of the male lead saving the helpless lady victim isn't as prevalent as it used to be, but it's still common enough that playing against it is fun and rewarding. The Sheena we're introducing here is a bit younger than some of the iterations there have been over the years, but she can definitely take care of herself. She's not someone you'd want to be on the wrong side of in a fight.

KD: Sheena and Tarzan are both characters that interact closely with wildlife. What are your thoughts on incorporating the animal kingdom into your storyline?

CB: This is the part of this crossover I've had the most fun with. I have a degree in zoology and spent five years working at the LA Zoo in the Behavioral Research division, so I'm happy to have the chance to apply some of that to comics. When I put an animal into a script I try to remember that it's a being with wants and needs of its own, not just a plot device. In other words, I try to treat it just like any other character. I'm particularly glad that there's room here for a chimpanzee and a scarlet macaw, both of which are species that I've worked with extensively.

KD: With two larger-than-life characters brought together, we can only imagine that they must be facing a particularly formidable enemy. What can you tell us about the threat they face?

CB: Since Tarzan and Sheena are both characters that are tied to their "jungle" homes, it seemed only natural that the threat would extend to the land. Since they are separated by not only generations but by continents as well, Sheena is brought back through time and across the world to assist Tarzan in the fight of his life as he attempts to save Jane, himself, and the land he loves. Even someone as formidable as Tarzan needs help once in a while. Especially when he's up against powerful interests in the British government and his own legacy.

KD: When thinking back on your previous work in comics, are there thematic parallels that your fans will recognize? What can Corinna Bechko fans expect to see in this new series?

CB: Oh, certainly. I'm sure thematic parallels show up even when I don't intend them to! Of course the big one here is the inclusion of animals and the natural world. Those slip into pretty much everything I do, but here they can shine. The other one, I hope, is a sense of the weight of what Tarzan and Sheena are fighting for. I love writing adventure stories, and there will be a lot of action in this crossover, but I think there has to always be something worth fighting for if that action is going to feel rewarding. My aim with this story is to make the stakes feel real and consequential. At the same time, I always enjoy writing a good explosion. So you can expect someone or something to get blown up before the final issue. And you can rest assured there won't be a chimpanzee or a macaw caught in the blast.

In his first week on the job, FBI Agent Thomas Jennings has seen enough horror to threaten his faith, and perhaps his sanity. Now he stands alone – the last line of defense against a madman intent on the murder of two innocent children, and on the destruction of a city. It's crime storytelling in the tradition of the comics that made Dr. Fredric Wertham froth at the mouth. From the acclaimed team that brought you The Lone Ranger, a final issue that delivers a punch in the gut that won't soon be forgotten.

GOLDTIGER TP

Recommended by Jay Spence

I love the style of 60's era spy/action, and I love ideas that defy the norm and modify our expectations to make something more complex than what you may expect. Those are the ideas that draw me to a book like *Goldtiger*.

Part comic strip, part artistic biography, and wholly a work of surreal, 4th-wall-breaching fiction, this book tells the story of two creators and their 60's action comic strip that never really was... until now. It reads like a painstakingly researched scrapbook to the time period and its playful ideology of women, sexuality, and the common struggles of an unappreciated artist that can be appreciated even now. The history behind *Goldtiger* may be a work of fiction but the comic strips throughout the book are still very real and very reminiscent of the true 60's comics that inspired them.

While other media like the *Austin Powers* franchise may blatantly parody these same types of adventure stories, *Goldtiger* stealthily conceals itself as a nearly genuine example of historical fiction. The art and writing often feel so genuine that only the moments of self-aware humor are what reminds us that it is all a very fun ruse between the writer and the reader.

365 DAYS: A DIARY BY JULIE DOUCET HC

(W/A/CA) Julie Doucet

Five years ago Julie Doucet renounced her comics-centric lifestyle. But Doucet could not turn her back on art, and this visual journal is an idiosyncratic collision of her various creative interests, wherein personal narrative, collage and drawing tell the story of her pursuits into printmaking and beyond. The surreal neurosis of her comics has subsided to reveal a more relaxed creativity that is unrestricted by form or definition and is as engaging as ever. (STK349231)

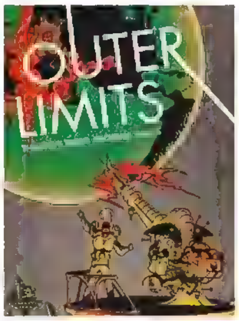
PATIENCE

by Daniel Clowes

$29.99 / HC / 180 pgs / FC / 7.5 x 9.75

Patience is a psychedelic science-fiction love story that swings from violent destruction to deep personal tenderness. It is also the first all new graphic novel from master cartoonist Daniel Clowes (*Ghost World, Eightball*) in over a half-decade! This full-color story is the biggest book of his career and affords Clowes the opportunity to draw some of the most exuberantly breathtaking pages of his life, and to tell his most suspenseful, surprising and affecting story yet. This is the graphic novel of 2016.



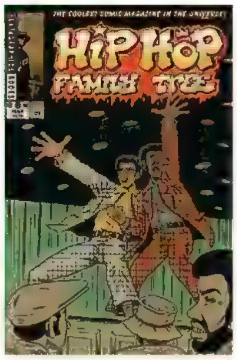
SPOTLIGHT ON

OUTER LIMITS: THE STEVE DITKO ARCHIVES VOL. 6

by Steve Ditko; Edited by Blake Bell

$39.99 / HC / 240 pgs / FC / 7 x 10

Outer Limits: The Steve Ditko Archives Vol. 6 finds Ditko in his early artistic prime and features more than 200 meticulously restored, full-color pages. This volume's stories are heavily weighted toward the science fiction genre and includes an introduction by series editor Blake Bell as well as meticulous documentation of Stan Lee calling Ditko back to Marvel to begin the Silver Age of Marvel Comics.



HIP HOP FAMILY TREE #8

by Ed Piskor

$3.99 / Comic / 32 pgs / FC / 6.5 x 10

Did you know Jean-Michel Basquiat produced a Hip Hop record? How about Run-DMC first wore leisure suits when they performed? Hip Hop took an opulent form in 1983. You don't know the half of it. The award winning, best selling series continues.

LETTERS TO KEVIN
Stephen Dixon

LETTERS TO KEVIN

by Stephen Dixon

$21.99 / HC / 176 pgs / Prose with black & white illustrations / 5.75 x 8.75

Like Bob Dylan's "115th Dream," *Letters To Kevin* obeys a certain logic, but it's a shifty, nighttime logic that's full of surprises. *Letters To Kevin* is an absurdist, screwball farce, and certainly Stephen Dixon's wildest, weirdest and most affecting book ever.

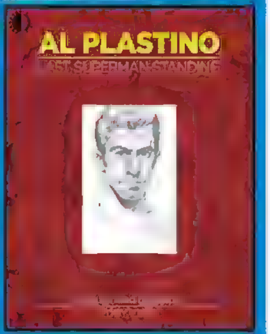
AL PLASTINO: LAST SUPERMAN STANDING SC

Recommended by Steve



TwoMorrows Publishing continues to produce great books featuring comic book creators often taken for granted or worked when providing credits was not the norm for publishers.

TwoMorrows' initial book, *Krypton Chronicles*, gave a smattering on the artists behind the Man of Steel, and to many the Superman artist was Joe Shuster or Curt Swan, all depending on when you began to read his adventures. While I didn't initially know who drew these stories, those I grew up reading were those illustrated by Wayne Boring and Al Plastino.

In *Al Plastino: Last Superman Standing*, we get to read about the artist as well as what made him a true professional from the early days of the Harry Chesler studio to his World War II military art and design to newspaper strips like *Ferd'nand* and *Nancy* to *Superman* and *Batman*.

If you were a fan of the late fifties and early sixties you might be surprised that Al was the co-creator of characters like Supergirl, Brainiac, and the Legion of Super-Heroes, drawing those characters' first appearances as well as illustrating the initial comic story to feature Kryptonite.

Al – who proved he could mimic so many artists' styles from Van Buren to Wayne Boring – became the face of Superman as he would redraw Superman's face on books done by other artists in keeping a true house style.

The section I enjoyed most was on Al's work on "Superman's Mission for President Kennedy." Reading about the history of this story's creation, discovery of the art, to its final home, is why you buy books from TwoMorrows—it's in the details.

Written by Eddie Zeno, author of *Curt Swan: A Life in Comics*, and with a forward by Paul Levitz, once again TwoMorrows Publishing has produced a book any fan of comic book history will want to read and reread.

THE GLORKIAN WARRIOR VOLUME 3: THE MUSTACHE OF DESTINY

(W/A/CA) James Kochalka

The Glorkian Warrior is back, and we are sincerely sorry. In the third volume of James Kochalka's off-kilter science fiction series for young readers, the eponymous hapless space adventurer is joined by three horribly annoying little kids. Everything is terrible, and nothing is okay. Well, that's not entirely true. There's a really great mustache. And a valiant cup of coffee. And a truly dastardly villain. And the Glorkian Super-Grandma even makes an appearance! With gorgeous, lively illustrations and super silly humor, this volume in the *Glorkian Warrior* series is jam-packed with extra-gross gross-out humor and ludicrously bad decisions. SIX #5

(W) George Pelecanos, Andrew Ewington (A/CA) Mack Chater

How long can the calm before the storm last? A relationship from McQuade's past is unearthed, and it has the potential to do much more damage than the guns he stashed away in his coffin. Now that the team has landed in Mexico they'll be no turning back. When the first shots are fired, and a war is ignited between our heroes and a Mexican drug cartel, will these six soldiers have each others backs? Find out, in this thrilling story that is equal parts a war for one family's safety as it is a war for one man's soul. (STK698227)

Serizawa is a twentysomething working at a divorce attorney's office. Walking home from work one day, he gets into an accident, and a woman carries him to an ambulance. Later, at the hospital, still bleary, he receives a phone call from the woman who saved his life. This person knows intimate details about him... but he's not sure who it is. Serizawa's gentle personality has drawn lots of girls to him since his childhood, but he's far from perfect. Was it someone he loved and lost? Or perhaps someone he wronged, to whom he failed to make amends? A collection of love stories told through extended flashbacks to different periods in Serizawa's life. (STK697251) (C: 1-0-0)

Ninety percent of our lives are determined by our fate, and our fates are determined by our "souls." But every now and then, something doesn't go according to the plan, and not only are the results of this often grim, the souls of those who have met an untimely fate also pollute their environs, drawing more souls into a viscious circle of ill fate. Sakurai and Amano are an odd-couple team who have been hired to deal with the problems that arise from these tainted souls and have been tasked with finiding those who are heading to an early grave to either prevent them from dying or collect their livingstones — the physical remnants of their souls — before they can cause further damage. GHETTO BROTHER: WARRIOR TO PEACEMAKER GN
(W/A) Julian Voloj, Claudia Ahlering
This graphic novel tells the true story of Benjy Melendez, a Bronx legend, son of Puerto-Rican immigrants, who founded, at the end of the 1960s, the notorious Ghetto Brothers gang. From the ravages of his neighborhood, wracked by drugs, poverty, and violence, he managed to extract an incredibly positive energy from this riot ridden era: his multiracial gang promoted peace rather than violence. After initiating a gang truce, the Ghetto Brothers held weekly concerts on the streets or in abandoned buildings, which fostered the emergence of hip-hop. Melendez also began to reclaim his Jewish roots after learning about his family's dramatic crypto-Jewish background. (STK667661)

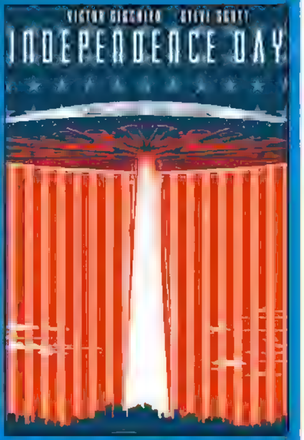
INDEPENDENCE DAY #1

Recommended by Matt



On July 3rd, 1996, American film audiences were introduced to one of the most action packed movies to ever feature a US President flying a fighter jet and blasting extra-terrestrials out of the sky with missiles. While that might not be very large film genre, the movie was a massive commercial success opening at over $50 million and ultimately grossing just over $306 million by January 12th, 1997.

The movie featured Bill Pullman, Jeff Goldblum, Will Smith, Vivica A. Fox, and Brent Spiner. Together they had to face one of the most gruesome alien invasions ever put to the silver screen. This time, the aliens didn't care at all about us. E.T. didn't want to go home and there were no aliens trying to coax willing humans onto their spaceships to fatten them up and then trick them by turning them into a tasty snack on the way back to their home planet. This time, the aliens only wanted one thing from us and it wasn't "to serve man". They wanted us to die.

President Whitmore, played by Bill Pullman, wasn't going to have any of that. In one of the most inspiring speeches given in a science fiction movie, the President rallied his fighter pilots and together with Jeff Goldblum and Will Smith they saved the world.

Now in March 2016, they'll have to do it all over again. The aliens are back and need killing all over again. Be sure to pick up *Independence Day* #1 from Titan Comics written by Victor Gischler (*Deadpool Corps*, *Sally of the Wasteland*) and artist Dennis Calero (*Cowboys & Aliens*).

THE ART OF CHARLIE CHAN HOCK CHYE HC (REGULAR EDITION)
(W/A/CA) Sonny Liew
Meet Charlie Chan Hock Chye, the greatest comic book artist you've probably never heard of. When he started making comics in Singapore as a boy of 16 in 1954, Chan expected fame and fortune to quickly follow. But just as Singapore's road to independence would be full of twists and turns, so too would Chan's own journey as an artist. Splicing together a dizzying array of art styles, genres and forms, Sonny Liew's multilayered graphic novel is a celebration of life, comics and storytelling. *The Art of Charlie Chan Hock Chye* is an innovative work that challenges the possibilities of the comics medium, creating a double-edged history. BREAKDOWNS: PORTRAIT OF THE ARTIST AS A YOUNG %@&*! HC
(W/A/CA) Art Spiegelman
The creator of the Pulitzer Prize-winning *Maus* explores the comics form — and how it formed him! This book traces the artist's evolution from a *MAD*-comics obsessed boy in Rego Park, Queens, to a neurotic adult examining the effect of his parents' memories of Auschwitz on his own son. The second part presents a fascimile of *Breakdowns*, the long-sought-after collection of the artist's comics of the 1970s. Pulling all this together is an illustrated essay that looks at the sixties as the artist pushes sixty, and explains the obsessions that brought these works into being. (STK376788) (C: 1-0-0)

GOLDTIGER: THE POSEIDON COMPLEX TP

(W) Guy Adams
(A/CA) Jimmy Broxton
Antonio Barreti and Louis Shaeffer's *Goldtiger*, the iconic '60s comic strip that never was... *until now!* An obscure Italian artist and a down-to-earth British writer, worlds apart in both taste and ideology, came together to create a rival to *Modesty Blaise* that has lived in infamy. The duo's adventures of Lily Gold and Jack Tiger were ultimately deemed too sensational for the nation's newspaper pages and the strip was cancelled before it even ran. This enthralling book presents "The Poseidon Complex", the complete serial, lifting the lid on comics' most unsung creation and includes letters, scripts, interviews and sketches — all documenting the creation of the strip and the outlandish lives of its creators. It also presents *Goldtiger 2000*, offered to (but refused by) 2000 AD for its launch in 1977, and details Barreti's continued refusal to let his groundbreaking ideas die, even if nobody wanted to publish them. CLUSTERF@#K

Recommended by [illegible]

The first thing you'll notice when you pick up *Clusterf@#k* is Jon Parrish's choice to skip right over the usual origin story. We don't have to wade through the getting-to-know-you first day jitters or how the two protagonists go from agents of the Department of Extraterrestrial and Paranormal Defense only to wind up ostracized and working as paranormal investigators for hire. Instead, we start off with two guys in a hole, taunted by a melodramatic villain, who humorously resembles Doctor Fate's old nemesis Wotan, the requisite goat boy minion, and a party of mutant demons waiting behind a gate like Jabba's Rancor beast. Maybe you'll notice the comical relationship between two very different men, calling to mind team-ups like *Deadpool and Cable*, *Arsenal and Red Hood*, or *Quantum & Woody*. Or perhaps you'll just immediately smile and enjoy a book that is as funny as it is grim.

No matter what, *Clusterf@#k* is aptly named. It is a hilarious collage of classic buddy cop and horror tropes that somehow manages to skirt the line between originality and cliché with its set of contrasting styles and archetypes. The almost mandatory dynamic of the immature, bumbling partner and the level-headed straight man is present here, but it remains unique by being offset in more than one special way.

For starters, the straight man, Carl Lattimer, is also a demonic hybrid capable of immense displays of power while the comic relief, Jim Parker, is often the emotional center of the team. As with most stories of its kind, these two men are in way over their heads, yet are also somehow the most prepared and capable figures in play – another example of how this book both uses and defies conventional themes.

Then there is Diego Yapur's art, which depicts the grit, gore, profanity, and overall brutality of Jim Parker's "worst day ever" with just a subtle hint of cartoonish roundness, once more adding to the contradictory nature of the book.

This push and pull in the narrative, art, and relationships makes *Clusterf@#k* something special at a time when there is no shortage of supernatural crime fighters or monster-hunting adventurers. Just as these two investigators defy the authority of an established organization, Alterna's newest offering flies in the face of other established pillars of the genre.

It's the debut issue of the next great modern superhero! In this neo-crime epic, we follow The Elasticator (aka Mikey Mazzagatti) as he tells us his story of life in Brooklyn during the height of the recession. With a city on its knees and organized crime working alongside the government, Mikey must push past his own troubles towards a greater good. Mixing equal parts humor and grit, Mikey goes from outcast to a neighborhood icon. Mikey pulls no punches as he tells a story of regret, hardship, and second chances. (STK697740) (C: 0-0-1)

H.P. LOVECRAFT'S THE SHADOW OVER INNSMOUTH GN

(W) H. P. Lovecraft
(A/CA) I. N. J. Culbard
Innsmouth: a crumbling Massachusetts seaport shadowed in rumor and suspicion. A town inhabited by sullen and hostile people with disturbing, amphibian looks. It's no place for a sightseer. Passing through Innsmouth on a genealogical tour of New England, a young man makes an ill-advised attempt to unravel the town's long-veiled history. What unfolds is a terrifying tale of a town transformed by its interaction with a monstrous aquatic civilization. As Innsmouth's murky history is brought to light, the narrator learns that the town's mysterious past is tied to his own family history. It is a revelation that has chilling consequences for the present — and for the future. (STK697526) (C: 0-1-0)

SIMON & SCHUSTER

THE UKRANIAN AND RUSSIAN NOTEBOOKS: LIFE AND DEATH UNDER SOVIET RULE

Written and illustrated by an award-winning artist and translated into English for the first time, Igort's *The Ukrainian and Russian Notebooks* is a collection of two harrowing works of graphic non-fiction about life under Russian foreign rule. In *The Russian Notebooks*, Igort investigates the murder of award-winning journalist and human rights activist Anna Politkoyskaya. Anna spoke out frequently against the Second Chechen War, criticizing Vladimir Putin. In *The Ukrainian Notebooks*, Igort illustrates the events of the 1932 Holodomor. Little known outside of the Ukraine, the Holodomor was a government-sanctioned famine, an atrocity during Stalin's rule that killed anywhere from 1.8 to twelve million ethnic Ukrainians. The World's Greatest First Love, Volume 4

Story and Art by Shungiku **NAKAMURA**

Ritsu Onodera, an editor in the shojo manga department of Marukawa Publishing, has the worst work environment possible, primarily because it's run by his former first love, hotshot editor in chief Masamune Takano! To make matters worse, it's possible that in a recent drunken stupor Ritsu went all the way with his boss. Unfortunately, thanks to an alcohol-induced blackout, he can't remember! But time waits for no one, so work in the editorial department gears up for the year-end rush, and to add to the craziness, Takano declares that all he wants for his birthday on Christmas Eve is to go on a romantic drive with Ritsu!

BATMAN v SUPERMAN
DAWN OF JUSTICE
TECH MANUAL

Batman's tech has been reimagined and reinvigorated in *Batman v Superman: Dawn of Justice*, the new blockbuster from director Zack Snyder releasing in March 2016. This book takes an exclusive, in-depth look at Batman's arsenal, vehicles, Batsuits, and the iconic Batcave. The new Batmobile design is explored from first concept sketch, through detailed blueprints, all the way to the physical construction of the vehicle itself. It also closely examines the Utility Belt, the Batwing, grappling hook, batarang — everything in the Batcave is explored even down to the construction of the set and the graphics from Bruce Wayne's mainframe. This official volume also goes deeper in to the world of *Batman v Superman: Dawn of Justice*, showcasing Superman's Kryptonian suit and Wonder Woman's iconic weaponry! (STK698725)

AL PLASTINO: LAST SUPERMAN STANDING SC

With a comics career dating back to 1941, Al Plastino was one of the last surviving penciler/inkers of his era. Laboring uncredited on *Superman* for two decades (1948-1968), he co-created Supergirl, Brainiac, and the Legion of Super-Heroes, drawing those characters' first appearances, and illustrating the initial comics story to feature Kryptonite. He was called upon to help maintain the DC Comics house-style by redrawing other artists' Superman heads, most notoriously Jack Kirby. With a foreword by Paul Levitz, this book was completed just weeks before Al's recent passing. In these pages, the artist remembers both his struggles and triumphs in the world of comics, cartooning and beyond, painting a layered portrait of Plastino's life and career. And a wealth of illustrations show just how influential a figure he is in the history of comics. (STK697938) (C: 0-1-1)

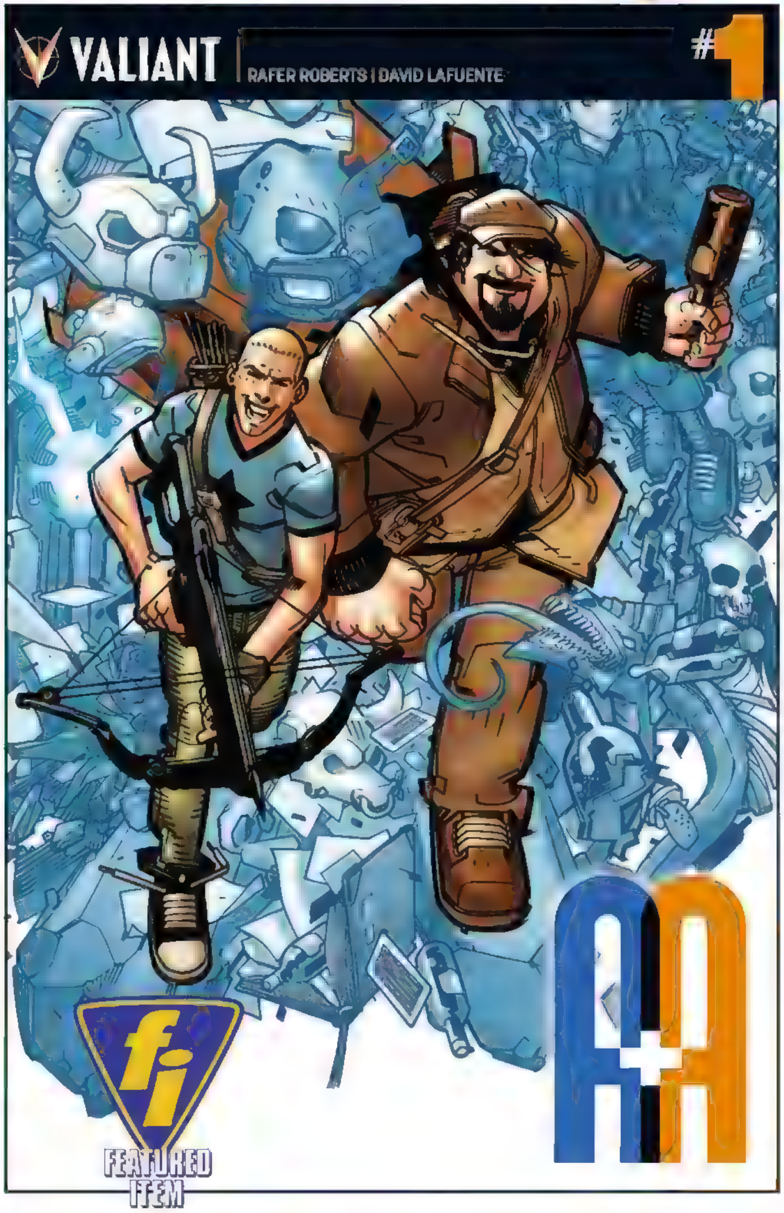
A&A : THE ADVENTURES OF ARCHER & ARMSTRONG #1

FEATURED ITEM



ARCHER & ARMSTRONG STRIKE BACK IN AN ALL-NEW ONGOING SERIES!

FROM RISING STAR

RAFER ROBERTS

(PLASTIC FARM)

AND SUPERSTAR ARTIST

DAVID LAFUENTE

(ULTIMATE SPIDER-MAN)

GET SMASHED...OR BE SMASHED! Valiant's (somewhat) dynamic duo are going "IN THE BAG" for AN ALL-NEW ONGOING SERIES from rising star Rafer Roberts and comic book superstar David Lafuente!

Meet Armstrong: Since the ancient city of Ur, this immortal adventurer has spent the last 7,000 years drinking and carousing his way through history alongside some of the greatest merrymakers the world has ever known.

Meet Archer: A sheltered teenage martial arts master and expert marksman that was raised for a single purpose - to kill the devil incarnate. Little did he know that this undying evil was actually Armstrong (he's actually a pretty good guy...once you get to know him) and, since hitting the road together, the two have become great friends and even better partners.

Now: Archer is about to set off on his most dangerous mission yet - a quest into the mystic reaches of Armstrong's bottomless satchel to liberate his friend and comrade from the clutches of the mad god Bacchus! (Okay, so, Armstrong went into the satchel himself to get a bottle of whiskey that he kinda misplaced and got stuck. It's like the Amazon warehouse of arcane treasures in there...and he doesn't exactly have a maid service.)

Imprisoned in Armstrong's satchel for centuries, Bacchus now commands a legion of monsters, goblins and golems bent on escaping back into the world of man and enacting revenge on their captor... Can Archer single-handedly combat the godly embodiment of intoxication himself - and rescue his best buddy - without becoming lost amongst Armstrong's endless repository of bizarre artifacts and historical oddities in the process?

UNCORKING *A&A* WITH WRITER RAFER ROBERTS

A&A #1

What makes Archer and Armstrong unique within the Valiant Universe? How will those unique attributes shine in *A&A*?

RR: I think that Archer and Armstrong aren't only unique within the Valiant Universe, but unique within comics as a whole. You've got Armstrong, an immortal, slovenly warrior-poet who has been drinking his way through the past few millennia. And you've got Archer, a teenaged super-powered spiritual (yet moralistic) martial-arts master who was raised in a creationist theme park and trained since birth to kill Armstrong. Despite these very glaring differences, they are best friends who battle against the strange and diabolical.

In *A&A*, we'll be exploring how this unusual friendship affects Archer and Armstrong. Over time we'll see how Armstrong's oafishness opens up Archer's worldview, forcing Archer to not see the world as stark contrasts of right vs. wrong. We'll also see how Archer's inherent "goodness" impacts Armstrong, forcing the immortal who has been shutting himself off from the world to once again feel compassion and empathy towards his fellow man. While this seems pleasant and life-affirming, we'll also see how these influences won't always be in each other's best interests and, in fact, may sometimes be a detriment to their ability to battle against the surreal conspiracies of the world.

What is your mission statement for *A&A*? In what new ways will you explore the mythology of Archer and Armstrong, and how will you accomplish that with *A&A*?

RR: I've seen *A&A* described as the weirdest buddy cop movie ever made. I think that's a pretty accurate description, but for *A&A* to work, it is critical that whatever weirdness I set Archer and Armstrong against (and there will be weirdness) it should never be at the expense of the buddy part of that equation. I'm also very interested in Archer's spirituality and his connection to the Akashic Records, the metaphysical realm containing the entire knowledge of the universe from where Archer draws his abilities.

What are Archer and Armstrong going to tackle this time in *A&A*, and how will these new challenges allow the characters to develop from where we last left them?

RR: Armstrong, due to Archer's positive influence, is once again feeling actual human emotions including guilt and regrets over his past behavior. A well-intended, but ultimately poorly thought out attempt to correct one of his past mis-deeds, sets Archer and Armstrong on a path of attempted redemption and strange chaos. Like the old saying goes, the road to Hell is paved with good intentions. Over the course of the new series we'll be seeing a lot of good intentions gone very wrong, often putting Archer and Armstrong's friendship to the test. I think, however, that sometimes the best way to strengthen a friendship is to test it.

Where do we find Archer and Armstrong when *A&A* opens, and where will you immediately take them in the first arc?

RR: Armstrong has learned that an old friend, someone he did wrong, has died. Wracked with an unfamiliar feeling of guilt over his past behavior, Armstrong sets out to make things right. Unfortunately, Armstrong is woefully out of practice at being a good person and his attempts to make amends for the way he treated his old friend only end up irritating Archer, his current best friend.

In order to make amends, Armstrong needs to recover a very important item from his magic satchel (the bottomless bag where Armstrong has been keeping centuries of weapons and important items) only to find that it is missing. He climbs inside to find the item, failing to inform Archer of his plans, and chaos ensues. Archer, grumbling about Armstrong's lack of consideration, has to go inside to rescue his friend and close the satchel in order to keep a "dark and ancient evil" from escaping.

What new characters will appear in *A&A*? What makes them exciting additions to Archer and Armstrong's cast and entire Valiant Universe?

RR: The strangest, and so far my favorite, is Davey the Mackerel. I describe him as a 3-foot tall fish that grew arms and legs and put on a cheap suit and looks like he's on his way to a job interview. He's got this sad sack quality and the vocal cadence of an old-timey mafia snitch. He comes out of Armstrong's magic satchel and (spoiler alert) escapes out into the world. He'll be popping up every once in a while, often at the worst possible time, and getting in Archer and Armstrong's way.

Who's the big bad in the first arc, and how will he/she give Archer and Armstrong a massive headache in the story?

RR: Bacchus, the god of wine and revelry... or at least, that's who he claims to be. Three thousand years ago, Armstrong trapped Bacchus inside his magic satchel so he hatches a plan to draw Armstrong inside in order to get revenge. Archer goes inside the bag to rescue his friend, but of course nothing goes according to plan and chaos ensues.

Bacchus is one of my favorite characters to write as he's this gnarly old goat man with super-villain leanings but the affectations of Paul Lynde. His only company are the goblins and lizard-men that also live inside the satchel and he's clearly gone a tad mad.

What is it like writing for artist David Lafuente? What does he bring to *A&A*?

RR: David just nails it. He makes the action sequences sing and he makes the quieter parts (the talking scenes) interesting and dynamic. Has character designs are amazing and his facial expressions and body language as they relate to story-telling are fantastic.

The one thing I most appreciate about David is his instinct. He's not afraid to add (or combine) panels if he thinks it makes a scene work better, or to move panels that I've written that end a page to start the following page instead. Even without having talked about it ahead of time, he seems to naturally get what I'm going for and is able to capture the intent of a scene even if it differs from how I actually broke it down panel-to-panel.

What's one tease from *A&A* that you can give readers now?

RR: Just because the Sect's plans to use the Boon and the Grail to gain power and immortality have come to naught doesn't mean that they don't have a plan B. After all, no one wants to be the richest guy in the cemetery. ■

So let it be written... So let it be done... From New York Times best-selling writers Robert Venditti (X-O MANOWAR), Jeff Lemire (THE VALIANT), Matt Kindt (DIVINITY), Joshua Dysart (IMPERIUM) and a powerhouse roster of all-star artists comes the blockbuster crossover event that will forge the future of the Valiant Universe - collected in its entirety for the first time anywhere!

The Valiant heroes. X-O Manowar. Bloodshot. Ninjak. The Harbinger Renegades. Unity. This is how they lived. This is how they died.

Now we know. The Book of the Geomancer has recorded it all. But only a young girl - the last in a line of the enigmatic mystics who protect the Earth known as Geomancers - has seen this future come to pass, from the coming cataclysm to the dawn of the 41st century. Alone with her sworn protector, the Eternal Warrior - a soldier battle-forged across five thousand years of combat - the duo must defy their allies to stop the Dark Age that now threatens to eclipse our world. Together, they are the number one target of every hero and villain on Earth. Either the Eternal Warrior hands her over...or they take him down. But can even he singlehandedly protect one child when the entire Valiant Universe wages war against him?

Shaman King

FROM THE CREATOR OF ULTIMO

Yoh Asakura is a shaman, one of the gifted few who can speak to spirits by channeling ghosts into his body—like the long-dead samurai Amidamaru—allowing them to possess him so he can use their powers. But a modern-day shaman faces great responsibilities, because spirits—and the people who work with them—can be very dangerous indeed.

LEGEND OF THE GALACTIC HEROES Vol. 1 (Novel)

by Yoshiki Tanaka, Translated by Daniel Huddleston

"The Golden Brat" Reinhard von Lohengramm, a military prodigy and admiral of the Galactic Empire, has ambitions beyond protecting the borders or even defeating the Empire's enemies. He seeks to overthrow the old order and become a truly absolute—yet benevolent—dictator. His rival, the humble Yang Wen-li of the Free Planets Alliance, wishes to preserve democracy even if he must sacrifice his political ideals to defeat the Empire. Their political and military battles play out over a galactic chessboard in an epic saga fifteen centuries in the making!

WILL EISNER'S COMICS & SEQUENTIAL ART SC (REVISED EDITION)
(W/A/CA) Will Eisner
In *Comics and Sequential Art*, Will Eisner reveals the basic building blocks and principles of comics, including imagery, the frame, and the application of time, space, and visual forms. With examples from Eisner's own catalog and such masters as H. Foster, R. Crumb, Art Spiegelman, Milton Caniff, Al Capp, and George Herriman, this book distills the art of graphic storytelling into principles that every comic artist, writer, and filmmaker should know. PANDORA HEARTS VOLUME 24 GN

(W/A/CA) Jun Mochizuki

A gothic fantasy with an "Alice in Wonderland" twist! Someone once said that all they would find there was darkness that swallowed everything whole. But that never meant that light was nowhere to be found. They finally arrive at an answer to the question of how to save their world. It is the product of many months, even years. Cruel yet kind, it is a simple formula. Now, led on by the cogs of destiny, it spells the end of but one story, as if it were no more than a ridiculous fairy tale. THINK PINK!
The DePatie-Freleng Story
By Mark Arnold

THINK PINK! THE DEPATIE-FRELENG STORY SC

(W) Mark Arnold
In 1963, Warner Bros. closed down their long-running cartoon facility that had produced such memorable merrymakers as the *Looney Tunes* and *Merrie Melodies* cartoons. Director/producer Friz Freleng and executive David H. DePatie were able to lease the former Warner cartoons studio on California Street in Burbank, complete with equipment and supplies. They struggled to keep their small animation studio running against odds and obstacles such as rising costs, never anticipating how they would soon style a series of cartoon characters that would paint memorable colors over movie animation history. When director Blake Edwards produced *The Pink Panther*, he envisioned a cartoon character of the same name to illustrate the opening credits sequence. Edwards hired Freleng and DePatie, together with artists at their DePatie-Freleng Enterprises studio, to design the animated sequence. The crafty magenta furry feline minced his way into moviegoer's hearts. The inspiration behind the ink was the people that worked at the DePatie-Freleng Enterprises (DFE) animation studio. Their hilarious cartoons caused a generation of moviegoers to rock theaters with laughter. (STK697129) (C: 0-1-0)

YOUNG NYLON BEAUTIES HC

(W/A/CA) Mark Novak

There are no fixed rules for good nude photos, either they are hot or they're not. The models featured in *Young Nylon Beauties* are very hot and they wear almost nothing but sexy legwear. Photographer Mark Novak is notorious for calling a spade a spade, without any false modesty. He shoots gorgeous, leggy models in the usual way, from the front, from behind, from above, below and in between — no detail is left out, nothing escapes his camera. This very amateurism intensifies the natural charm of his photographs. (STK697588) (C: 0-1-0)

DRAW! #32

Bwah-hah! *Draw!* yuks it up with superstar penciler Howard Porter (*Justice League 3000*, *Justice League of America*, *Superman Beyond*) as he monologues and demos the creative process that has made him a top-tier penciler for DC Comics. Then we heckle power penciler Jamal Igle (*Supergirl*, *Molly Danger*) into spilling his guts about everything from storyboarding to penciling for the big boys, as he gives a breakdown of his working methods. Plus our regular line-up of columnists demonstrate their shtick: Crusty Critic Jamar Nicholas reviewing art supplies, Jerry Ordway showing the Ord-Way of doing comics, and Comic Art Bootcamp lessons with Bret Blevins and *Draw!* editor Mike Manley. AMAZING FIGURE MODELER #61

A Carnival of Modern Horrors awaits all as *Amazing Figure Modeler Magazine* presents a shocking array of twisted sideshow cutups, fan-faced freaks and pin-headed leather clad geeks! *AFM* will slash its way into your heart with iconic characters from the 80's forward. The fun starts with detailed painting articles on two of TV's hottest series; the sinister looking 'Twisty the Clown' from *American Horror Show* and the down and dirty 'Daryl Dixon' from *The Walking Dead*! Things will get real groovy as 'Ash' from the *Evil Dead* stops in to give you some sugar baby and then it's off to a grim meeting with the faceless, winged horror from *Pan's Labyrinth*, 'The Angel of Death'. Finally, you'd be well advised to keep off the moors and stick to the roads as *An American Werewolf in London* is on the prowl in a spectacular diorama display. (STK698520) (Terry Webb) (C: 0-1-2)

ANIMATION

METALTECH: THE MYSTERIOUS CITY OF GOLD: GOLDEN CONDOR FIGURE

The Mysterious Cities of Gold is a Japanese-French TV animated series co-produced in the 1980s by DIC entertainment and Studio Pierrot. The series follows the adventures of Esteban, a young Spanish boy, and his friends Tao and Zia, searching for the legendary cities of gold. The series' huge success mainly came from its original design, charismatic characters, and the story of an epic journey punctuated by an amazing soundtrack, in large and unknown places leading the young heroes to an ancient and secret technology, illustrated in the anime by certain solar powered "Mecha", such as the great condor flying machine or the Solaris boat. This 6" scale Golden Condor (15" total wingspan) features articulated wings, neck, head, and tail. Exchangeable feet and a Metaltech base to pose the bird in a flying position are included. (STK698235) **Item has been previously solicited in *PREVIEWS Plus*.** Scheduled to ship in January 2016. (7717/HD055) (C: 1-1-2)

CHILD'S PLAY: GOOD GUY CHUCKY STYLIZED ROTO FIGURE

Who wants to play? *Chucky* does, but you may not like his game. The award-winning designer team at Mezco have created an all-new sculpture that not only captures the look of Chucky, but the very essence of his menace. Every detail has been captured; from his classic coveralls to the unique imprint of the soles on his sneakers. From his glistening, insane eyes, and his sneering lips, to his shocking red hair, this is Chucky at his most iconic. He's not fully human, but he is fully insane! The star of five *Child's Play* films, Chucky features 7 points of articulation. He also comes with a knife that he is sure to use for no good. Each Chucky comes packaged in his own collector friendly window box, so he can watch you and plan his attack. MARVEL HEROES

IRON MAN: MARK VII AVENGERS HELMET REPLICA

The *Iron Man Mark VII Helmet* seen in *The Avengers* was made by special effects studios, Legacy Effects. The EFX master patterns were made from the original master molds that were used to make the screen-used helmets. This helmet was custom fitted to Robert Downey Jr. to fit snugly so that it would not move or wobble when worn. The helmet is made in 3 removable pieces, just like the original prop. The faceplate is held in place with magnets and in the screen-used helmets, magnets were also placed on the top of the helmet to hold the faceplate in the open position. The helmet appeared to open and closed by a digital process known as ""morphing"" Also, the faceplace and chin piece were plated in real gold! The EFX Iron Man helmet is a faithful reproduction of the iconic helmet worn by Tony Stark in *The Avengers* and comes with an EFX display base, numbered plaque, prop story, and Certificate of Authenticity. ALIENS: XENOMORPH SOLDIER 1/18-SCALE FIGURE

From Hiya Toys. **A *PREVIEWS* Exclusive.** Though the exact details of their inception are unclear, the Aliens apparently gain the upper hand quickly, corralling the ill-fated human residents of colony LV-426. By the time the Space Marines arrive, a scan is performed and the surviving colonists are revealed to be gathered in a central location; however, it is later discovered that the colonists are in fact cocooned within a network of dense Alien resin and are impregnated with chestbursters. The mature Xenomorphs quickly overwhelm the marines, forcing the remnants to withdraw, but the mature Xenomorphs follow in their wake. The *Soldier Alien* stands 4" tall and comes with a display stand, three sets of hands and a face-hugger. (STK694395) **Item has been previously solicited in *PREVIEWS Plus.*** Scheduled to ship in January 2016. (4667) (C: 1-1-2)

Figure $24.99

ALIENS: COLONIAL MARINE POWERLOADER 1/18-SCALE FIGURE

From Hiya Toys. **A *PREVIEWS* Exclusive.** The Caterpillar P-5000 Powered Work Loader, or Power Loader, is a commercial mechanized exoskeleton used for lifting heavy materials and objects, and is heavily employed by the United States Colonial Marine Corps to load ordnance on board their starships. Power Loaders are equipped with hydraulic "claws" that can be used to hold and manipulate a variety of objects. Perhaps the most famous use of a Power Loader was when Ellen Ripley used one in desperation to engage a Xenomorph Queen in hand-to-hand combat aboard the U.S.S. *Sulaco.* (STK694401) **Item has been previously solicited in *PREVIEWS Plus.*** Scheduled to ship in January 2016. (4667) (C: 1-1-2)

Figure $84.99

ALIENS: XENOMORPH SPITTER 1/18-SCALE FIGURE

From Hiya Toys. **A *PREVIEWS* Exclusive.** The Spitter, also known as the Ranger, is a Xenomorph caste that was encountered by Colonial Marines from the U.S.S. *Sephora* on Acheron (LV-426). As its name implies, it attacks by spitting large quantities of acid at enemies, typically from some distance away. Spitters also possess large axe-like tails that are rarely used since Spitters like to keep their distance. Standing approximately 4" tall, the *Alien Spitter* comes with an egg, a face-hugger and three sets of hands. (STK694397) **Item has been previously solicited in *PREVIEWS Plus.*** Scheduled to ship in January 2016. (4667) (C: 1-1-2)

Figure....................................$24.99

ALIENS: XENOMORPH BOILER 1/18-SCALE FIGURE

From Hiya Toys. **A *PREVIEWS* Exclusive.** The Boiler is a Xenomorph caste, first encountered by the Colonial Marines from the U.S.S. *Sephora* on LV-426. It possesses a unique form of attack, whereby it will forgo the typical melee or spitting attacks used by other Xenomorphs in favour of suicidally rupturing its own body, drenching nearby targets in huge quantities of acidic blood. The *Alien Boiler* stands approximately 4" tall comes with an egg, a face-hugger and three sets of hands. (STK694396) **Item has been previously solicited in *PREVIEWS Plus.*** Scheduled to ship in January 2016. (4667) (C: 1-1-2)

Figure....................................$24.99

ALIENS: XENOMORPH LURKER 1/18-SCALE FIGURE

From Hiya Toys. **A *PREVIEWS* Exclusive.** Lurkers use their agility to outsmart prey. This form of attack requires a thin, spindly figure, which makes it trade brute force for overwhelming speed. Lurkers also have a stronger exoskeleton than Warriors, giving them the ability to take more damage. The fearsome *Alien Lurker* comes with three sets of hands and a face-hugger. (STK694389) **Item has been previously solicited in *PREVIEWS Plus.*** Scheduled to ship in January 2016. (4667) (C: 1-1-2)

Figure $24.99

ALIENS
COLONIAL MARINES
Cpl. Dwayne Hicks

ALIENS: COLONIAL MARINE: CORPORAL HICKS 1/18-SCALE FIGURE

From Hiya Toys. **A *PREVIEWS* Exclusive.** Corporal Dwayne Hicks was a member of the United States Colonial Marine Corps, part of 2nd Battalion Bravo Team. He was a member of the combat unit deployed to LV-426 aboard the U.S.S. *Sulaco* in 2179, to investigate the sudden loss of contact with the colony of Hadley's Hope. He was the only Marine to survive the incident, then he was captured by the Weyland-Yutani Corporation and taken back to LV-426 where he was tortured for information regarding the mission to Hadley's Hope and the Xenomorphs, but was eventually freed by Marines from the U.S.S. *Sephora.* Standing 3-3/4" tall, *Hicks* comes equipped with a pulse rifle, shot gun, pistol, motion tracker, welding torch, M3 pattern personal armor and M10 pattern ballistic helmet. (STK694399) **Item has been previously solicited in *PREVIEWS Plus.*** Scheduled to ship in January 2016. (4667) (C: 1-1-2)

Figure $24.99

ALIENS: COLONIAL MARINE: PRIVATE HUDSON 1/18-SCALE FIGURE

From Hiya Toys. **A *PREVIEWS* Exclusive.** Private First Class William Hudson was a combat technician in the United States Colonial Marine Corps, part of 2nd Battalion Bravo Team. He was a member of the combat unit deployed to Acheron aboard the U.S.S. *Sulaco* in 2179, to investigate the sudden loss of contact with the colony of Hadley's Hope. He was among the last to perish in the incident, eventually becoming host for a Xenomorph Chestburster. His body was later found by Corporal Christopher Winter from the U.S.S. *Sephora* during a subsequent investigation of the colony. Standing 3-3/4" tall, *Hudson* comes equipped with a pulse rifle, pistol, motion tracker, welding torch, M3 pattern personal armor, and M10 pattern ballistic helmet. (STK694398) **Item has been previously solicited in *PREVIEWS Plus.*** Scheduled to ship in January 2016. (4667) (C: 1-1-2)

O/A BATMAN ARKHAM KNIGHT PLAY ARTS KAI: ARKHAM KNIGHT FIGURE

From Square Enix. This 11" figure, based on the enigmatic character from the best-selling video game, shows off a wide range of different realistic textures, including a symbolic letter "A" emblazoned on the chest, mechanical armor and army fatigues. During sculpting, special attention was paid to keeping a sharp silhouette all around. The Arkham Knight's helmet, which looks similar to that of the Batman, has a translucent visor and two interchangeable helmet pieces: one to recreate his default appearance, and a second one painted to give a glowing eye effect. Other accessories include a sniper rifle, two handguns, and three interchangeable hands to allow for a variety of action poses, plus a display stand. O/A BATMAN ARKHAM KNIGHT PLAY ARTS KAI: HARLEY QUINN ACTION FIGURE

From Square Enix. Harley Quinn is the lovable villainess who isn't afraid of being called a liar or a cheat! To capture her acrobatic action poses, Square Enix incorporates clicking ball joints in her knees, a technology that allows her legs to look natural and hold poses while still maintaining a wide range of motion. Great care was taken in the sculpting of her outfit so as to accentuate her coquettish charms, but with paintwork that kept a signature creepy tone fit for a villain and mimicked realistic dirt and grime. It really feels like she has just stepped right out of Arkham City. This 10" figure comes with several accessories to tie up all of her unique craziness in one sweet package, including: an interchangeable head, hair pieces, a gun, a bat, and the police hat she wears in one of her most memorable in-game scenes. (STK679325) **Available Now!** (1089/662248816098) (C: 1-0-1) **NOTE:** Available only in the Western Hemisphere.

From Square Enix. In *Batman: Arkham Knight*, Robin is a character with a stylish and intelligent demeanor, and who is shrouded in mystery. Using interchangeable accessory parts, the collector can enjoy two variations of this figure: one with the hood over Robin's head, and one without. His bo staff comes in two variations as well — rod-shaped and shield-shaped, to allow for wide range of poses. The paintwork incorporates layers of colors as well as slight unevenness and stains to accentuate the powerful presence of a dark hero. In addition, heavy focus on the texture and paintwork of battle-worn armor emphasizes a realistic look. (STK679875) **Available Now!** (1089) (C: 1-0-1) **NOTE:** Available only in the Western Hemisphere.

BATMAN

FEATURED ITEM

DC UNIVERSE: BATMAN: BAD BLOOD

The mysterious disappearance of Batman, coupled with the emergence of powerful and malevolent new villains in Gotham City, force Nightwing (voice of Sean Maher) and Robin (Stuart Allan) to take crime-fighting into their own hands — while simultaneously searching for their missing leader. They're not alone for long. New super-heroes Batwoman (Yvonne Strahovski) and Batwing (Gaius Charles) — each armed with her/his own sensibilities, physical abilities and crime-fighting tools — arrive in Gotham to assist in the cause. As this new "family" strives to find its own dynamic, chilling clues lead the group to suspect the Dark Knight may have gone over to the dark side. It's up to the entire Bat team to uncover the truth before Gotham City falls prey to its greatest threat yet! (STK697905) **Item has been previously solicited in *PREVIEWS Plus.*** (8281) (C: 0-1-1)

The Horus Heresy
CRUSADE'S END
From the New York Times bestselling novel series

**WARHAMMER 40K:
CRUSADE'S END SC**

(W) Various

For the first time in the *New York Times*-bestselling series, this omnibus returns to the beginning of *The Horus Heresy*. The novels *Horus Rising, False Gods*, and *Galaxy in Flames* are presented alongside additional stories that set the stage for the unimaginable conflict still to come. (STK698770) (C: 0-1-2)

**WARHAMMER 40K:
THE EMPEROR EXPECTS HC**

(W) Gav Thorpe

As ork ships lay waste to world after world, heading inexorably towards Terra, Imperial citizens despair. The High Lords become desperate to prove that victory is possible, no matter the cost. A massive Navy fleet is assembled, their mission to make a definitive strike against the orks at Port Sanctus, an area of enemy-held space. But when the Imperial armada arrives, they find themselves outclassed and outmaneuvered; can human courage and faith possibly prevail against such terrible odds? (STK698771) (C: 0-1-2)

HC, 6x9, 240pgs, B&W.............$17.50

**WARHAMMER 40K:
WAR OF THE FANG SC**

(W) Chris Wraight

It is the end of the thirty-second millennium. For two thousand years, since the fall of Prospero, the Space Wolves have hunted their greatest foe, the quarry who escaped them on that benighted world: Magnus the Red, sorcerer-primarch of the Thousand Sons. Now, Great Wolf Harek Ironhelm has the traitor primarch's scent. Determined to finish what Leman Russ began, Ironhelm sets out to capture and kill his prey, and the Hunt for Magnus begins. WATCHMEN

**DC COMICS DECK-BUILDING GAME CROSSOVER
EXPANSION PACK 4: WATCHMEN**

Watchmen is one of the most celebrated stories in the history of comics. And now that world is coming to you in a new *Crossover Pack* for the *DC Comics Deck-building Game*. This *Watchmen* set adds a new element to deck-building games: Hidden Roles! As in the original story, one of the members of the team has their own ideas on the best way to solve the world's problems. The Villain must work towards his or her secret plot while not making it too obvious. "Loyal" players will strive to overcome various challenges, though the "Villain" of the story can disguise his or her intentions by helping with these challenges as well. It all adds up to a deck-building experience like nothing you've experienced before, yet played out using the best-selling Cerberus Deck-building Game engine! (STK698823) (C: 1-1-2) **NOTE:** Avail US, Ca, Europe, Latin America, Middle East, China, Hong Kong, Taiwan, Japan, Korea, Aus, NZ, & India.

PATIENCE
DANIEL CLOWES

FLIPSIDE

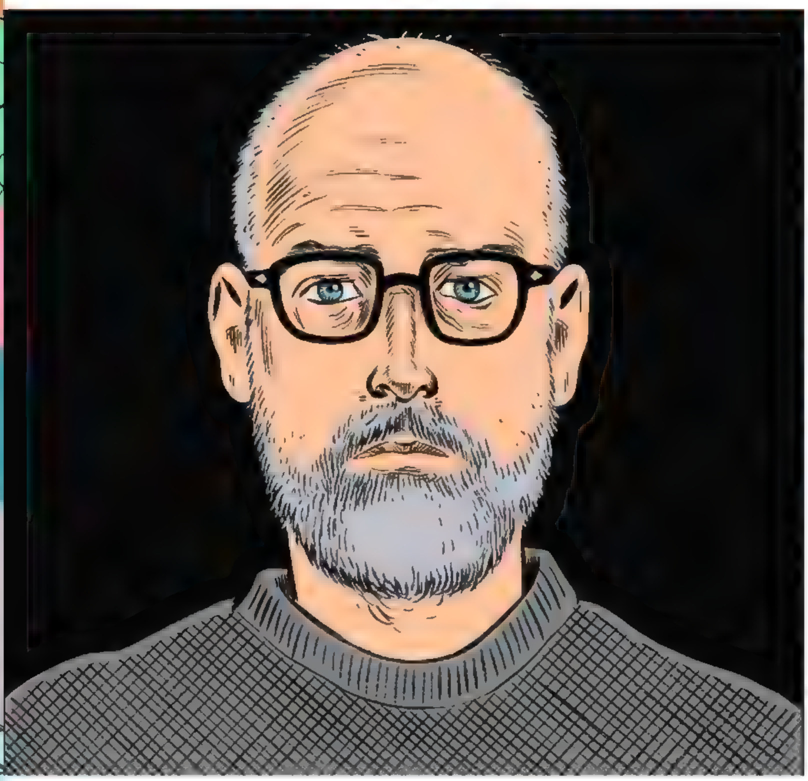
DAN CLOWES WANTS YOU TO HAVE A LITTLE BIT OF PATIENCE

FANTAGRAPHICS BOOKS

This Spring, Fantagraphics Books will release *Patience*, the first all-new, original graphic novel from Daniel Clowes (*Ghost World*) in more than half a decade. It's the biggest and most ambitious book of a storied career in which he's received an Academy Award nomination, a PEN Award, and multiple Eisner and Harvey Awards.

Patience is an indescribable psychedelic science-fiction love story, veering with uncanny precision from violent destruction to deeply personal tenderness in a way that is both quintessentially "Clowesian," and utterly unique in the author's body of work. This 180-page, full-color story affords Clowes the opportunity to draw some of the most exuberant and breathtaking pages of his life, and to tell his most suspenseful, surprising and affecting story yet.

PREVIEWS had the opportunity to speak with Daniel Clowes about *Patience*, his career, and what he has planned next.



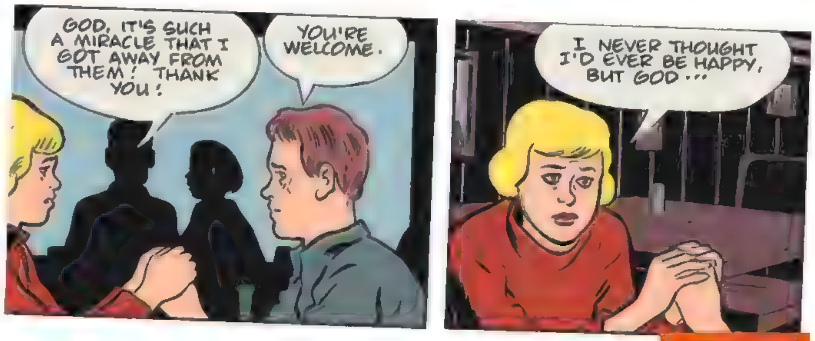
> "I WAS DEFINITELY THINKING A LOT ABOUT DITKO – THE UNPLEASANTLY JUDGMENTAL MORAL WORDSCAPES OF MR. A AS MUCH AS THE DREAD DORMAMMU"

PREVIEWS: How would you describe *Patience* to the uninitiated?

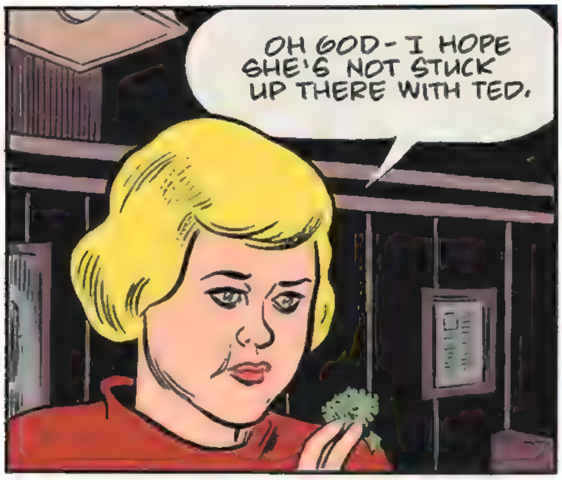
Daniel Clowes: A very simplified and therefore somewhat misleading description would be "a violent time-travel love story."

P: This is your most narratively ambitious book yet, and I found it to be your most entertaining as a result. Did you enjoy the intellectual exercise of organizing the book's internal time travel logic? Was that a challenge, or did you mostly have that figured out from the start?

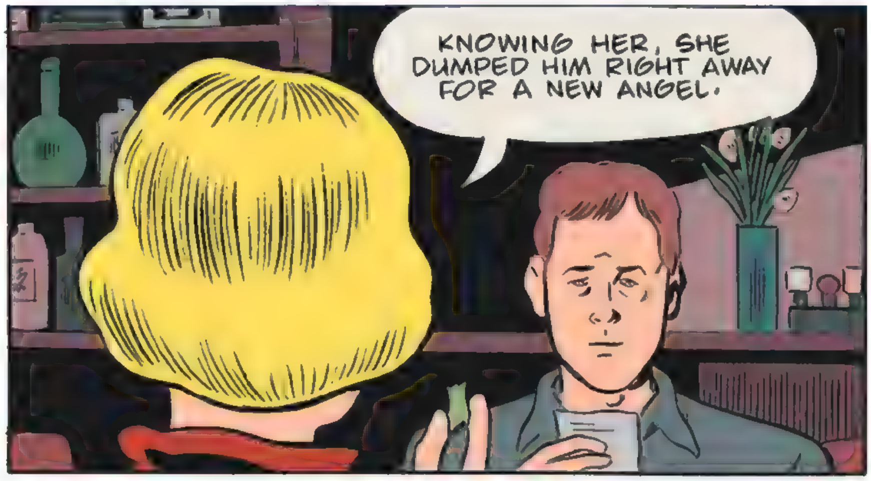
DC: In the beginning, I was mostly interested in the emotional and metaphorical possibilities of time travel – the notion of physically revisiting your own memories, and the ways we can turn into very different, almost unrecognizable people based on our circumstances and decisions. From that starting point, I spent a lot of time writing and refining the story, literally telling it to myself over and over hundreds of times until the logic and clarity of the events felt entirely organic and inevitable.



GOD, IT'S SUCH A MIRACLE THAT I GOT AWAY FROM THEM! THANK YOU!
YOU'RE WELCOME.
I NEVER THOUGHT I'D EVER BE HAPPY, BUT GOD...



OH GOD - I HOPE SHE'S NOT STUCK UP THERE WITH TED.



KNOWING HER, SHE DUMPED HIM RIGHT AWAY FOR A NEW ANGEL.

P: How long did *Patience* take you to create?

DC: Close to 5 years, though the tiniest germ of the idea, at least for the main character Jack Barlow, first emerged around 20 years ago in an aborted story for *Eightball* # 16.

P: Speaking of which, Fantagraphics recently released *The Complete Eightball*, a handsome boxed set of the series. For awhile, you were working on that simultaneously with continuing work on *Patience* – did you feel like you were in a time machine of your own?

DC: Before I began *Patience*, I spent way too much time helping put together a retrospective museum show and monograph (*Modern Cartoonist: The Art Of Daniel Clowes*) and that, as well as the process of revisiting all my early work for The Complete Eightball, put me in the weird position of conversing with (also judging, competing with, and empathizing with) the grotesque alien being that was the 28 year-old Dan Clowes.

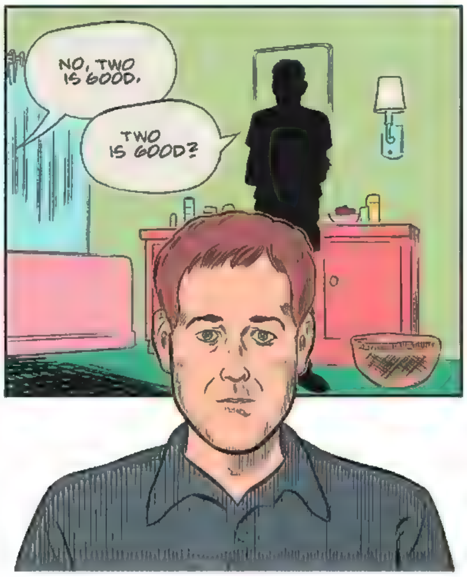
P: I see subtle visual nods – easter eggs, in a way – in the book, to things like Ditko's psychedelic '60s comic book work, Jesse Marsh's lush *Tarzan* jungles, actor Lee Marvin (in the book's male lead, Jack Barlow), and even to some of your own work, which I won't spoil. But is there anything you'd be willing to tease?

DC: I was definitely thinking a lot about Ditko - the unpleasantly judgmental moral wordscapes of *Mr. A* as much as the dread Dormammu - and Marsh, as well as Kirby, Ramona Fradon, and Bob Powell, among many others. Our hero, Jack, undoubtedly fits somewhere on the Lee Marvin/James Coburn spectrum, though his look is mostly inspired by the insane Dell *Frankenstein* comics of the 1960s. I always wished Mr. Marvin had made a 1960s pop-art science-fiction film a la *The Tenth Victim*, and this story is in some distant way my attempt to fill in that blank.

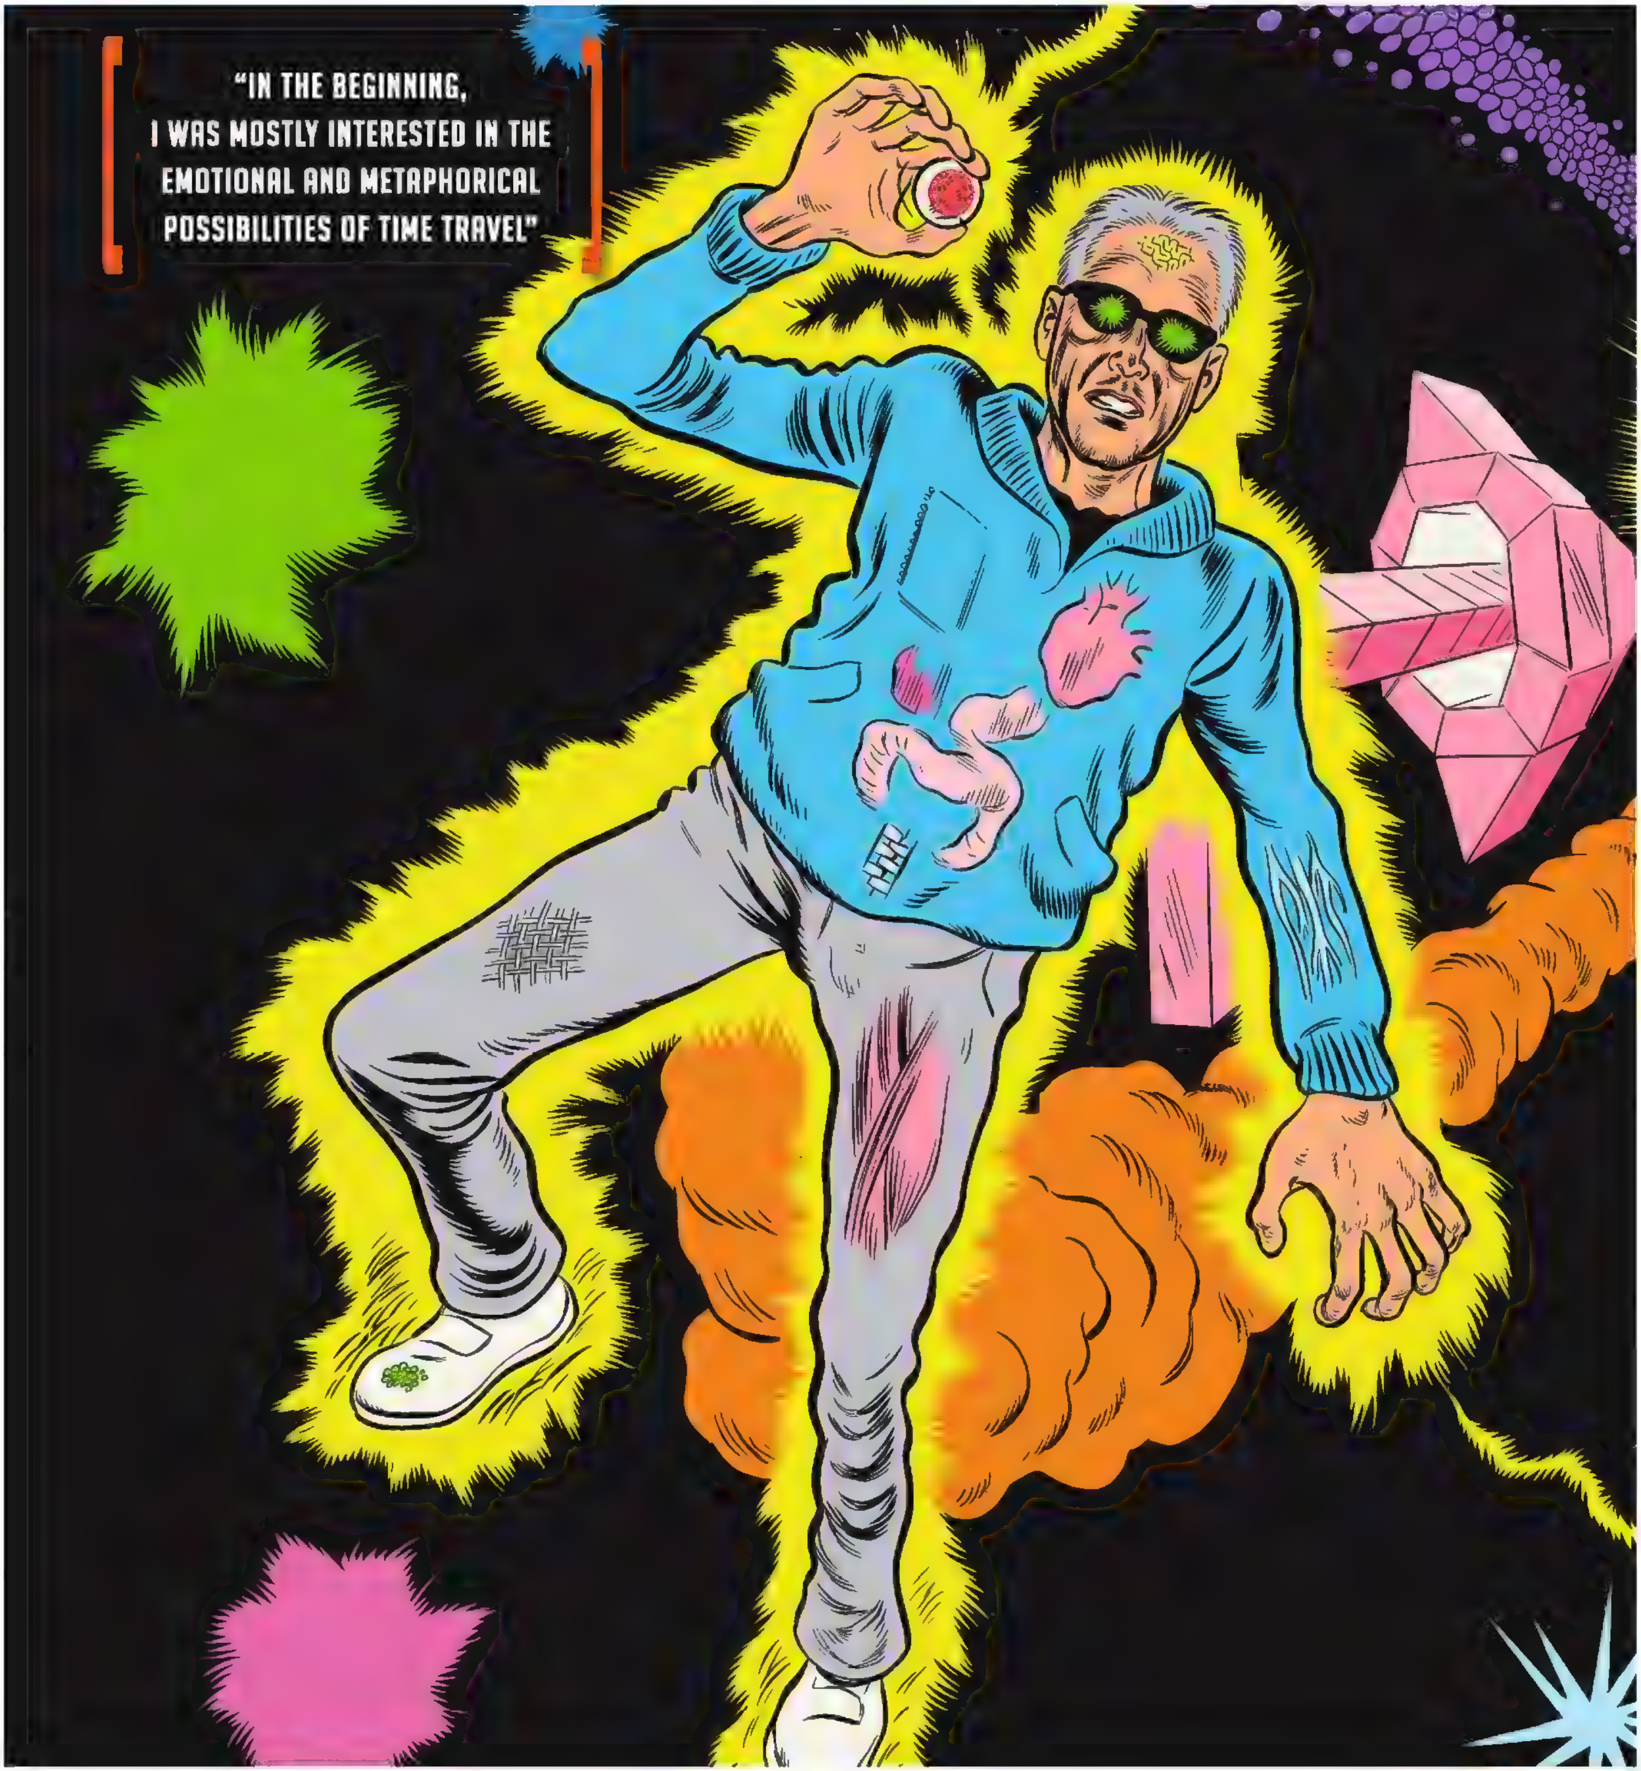
P: What are you working on now that *Patience* is finished?

DC: My work is long-ago finished on the screenplay, but the *Wilson* movie is being edited as we speak and will hit theaters sometime in 2016. The little I've seen of the film looks pretty fantastic – Woody Harrelson and Laura Dern are terrific as Wilson and Pippi – so I have very high hopes. Beyond that, after attempting to take a vacation after finishing *Patience*, I lasted two days before getting back to work, writing another comic. Look for it in stores sometime in 2023.

In the meantime, look for Patience in the Fantagraphics section on page 360 of this issue of PREVIEWS.



NO, TWO IS GOOD.
TWO IS GOOD?



"IN THE BEGINNING, I WAS MOSTLY INTERESTED IN THE EMOTIONAL AND METAPHORICAL POSSIBILITIES OF TIME TRAVEL"

SAM GLANZMAN'S USS STEVENS: THE COLLECTED STORIES HC

Recommended by Steve

War comics are not the kind of comics you normally pick up at your local comic shop on Wednesdays, but in the days before comic shops you had to search for comics, and war and western comics were as abundant and many times were better than the super heroes of the day. Creators like Harvey Kurtzman, John Severin, Russ Heath, Joe Kubert, and Robert Kanigher are the ones most associated with war comics, but Sam Glanzman is one of my personal favorites.

Sam was one of the first professionals to ever reply to one of my fan letters (Gene Colan, Jim Aparo, and Joe Kubert being the others). I loved his work on the *Hercules* series from Charlton and got a really nice letter and drawing of Hercules and a chance to meet him at one of the old Seuling New York Comic Con interviewing him for a fanzine. We talked about his current comic work at the time for DC, his earlier work particularly *The Lonely War of Willie Schultz* and *Hercules* for Charlton as well as Charlton's unauthorized *Tarzan* comic which, while I love Russ Manning's work, Sam's Tarzan felt more like the ERB character, and it took Joe Kubert to bring that feel again to that character years later.

Talking to Sam was like talking to my dad as both were in the Navy and, while they didn't serve together, they both had stories of their time living with every aspect of war and not knowing what will happen next.

With great recommendations from Mark Waid, Walt Simonson, and Garth Ennis, make sure to add this book to your collection.

THE ONLY LIVING BOY VOL 1: THE PATCHWORK PLANET GN

Recommended by Sarah

David Gallaher (*Hulk: Winter Guard, Green Lantern Corps*) and Steve Ellis (*Iron Man, Lobo, & Green Lantern*) have brought their creator owned project *The Only Living Boy* to comic shops at last!

Amnesiac Erik Farrell is displaced in time and space to a planet not terribly dissimilar to our own. As this twelve-year old fights and flees through ruined cityscapes and abandoned subway tunnels, pieces of his memory begin to filter into place, but even those shards of thought are not enough to make heads or tails of the world around him. To the reader, the buildings and landmarks are instantly recognizable (especially to those readers old enough to recognize Simon & Garfunkel's song of the same name set in the same city), but for Erik, his quest for identity remains a driving force in this fish-out-of-water fantasy.

The "Big Bad" in *Only Living Boy* has cobbled together a realm of disparate and desperate peoples and lands stolen from other realms. The tribes make war on one another, consume one another, and despise one another, when a unified front could topple the villain sitting at the center of the chaos. Erik, who is universally unaffiliated with any of the various species, has decided that the boy he is—building up from his blank slate foundation—would not hide from injustice.

This is only the first volume, but already we see Erik's resolve as he begins his great journey to recruit a team, restore his memory, and slay the evil that subjugates this patchwork planet.

Reminiscent of the comic series *Flash Gordon*, *Only Living Boy* is a sprawling adventure fantasy perfect for readers looking for something different from their far-out, space journeys.

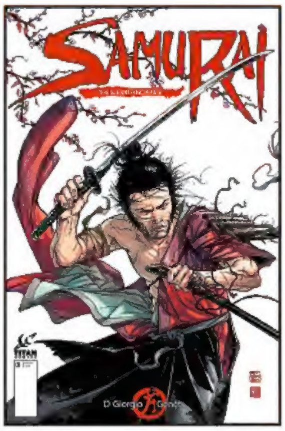
SAMURAI #1

Recommended by Jon

Japanese culture has a plethora of fantastic aspects to its rich history – nobility, self-discipline, honor—but none are more stoic than the Samurai warriors.

Samurai #1 published by Titan Comics continues the epic fable created by Jean-François Di Giorgio and Frédéric Genêt, yet acts as a jumping on point for all readers. After defeating the dreaded Akuma, Takeo sets out to the isle with no name in search of answers to questions that plague his life. Where is his long lost brother? Is he even still alive? And what's going on with that mysterious tattoo?

Genêt's smooth, concentrated art is perfectly complimented by the lush use of colors. You'll be blown away by every detail, from the beautiful swaying pink trees, to the all-too-real action riddled throughout the pages.



David Mack, fresh off of his work on Netflix's *Jessica Jones* opening credits, provides a superb variant cover that cannot be passed up, symbolizing the graceful yet powerful demeanor of the samurai.

***Samurai* #1 is as bombastic as they come. Witness the rise of a warrior!**

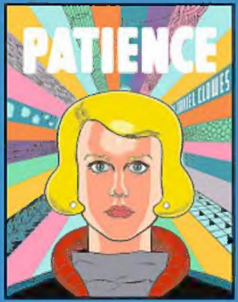
PATIENCE GN

Recommended by Caitlin



Dan Clowes is back!

The award-winning creator known for his raw, honest, and gut-punching emotional commentaries on contemporary society and the unknown ordinary people who live in those worlds brings us his all-new original graphic novel since 2010, *Patience*, from Fantagraphics.

Patience is the brightly-colored, deeply personal love story of which Clowes truly is the master. Along with what we have come to love of Clowes' works, though, *Patience* gives us all of the raw, pained aspects of living in a 21st century urban society but with a unique and abstract, psychedelic science fiction twist. In the first few pages you are witness to the roller coaster ride of emotions our protagonists feel and the heart-breaking events that shape their lives only to be thrust into the near future where we are reminded that this reality is one of "fizzled out" and "pointless bullshit."

Whether it's *Ghost World*, *Wilson*, *Eightball*, or my personal favorite *Death Ray*, Clowes has become one of the undeniable masters of the independent comics scene; in many ways shaping the way we read and think of about and graphic novels today. In his newest work, Clowes evolves his craft, further strengthening his position: taking aspects that are quintessentially Clowsian, but tweaks them into something new but equally as indelible as his past works.

***Patience* is a real treat without a doubt for all the patient Clowes' fans but also anyone looking to add a new modern classic to their graphic novel library. I can't recommend it enough and can't wait to get ahold of my copy.**
